Learn your modification options for the most modern and exciting Jeeps! Going back to World War II, Jeeps have had a special place in America's heart. The utility vehicle that helped win the war transitioned into the civilian Jeep, or CJ, and the Jeep brand has had several owners over the years. While still remaining wildly popular, it has evolved. The Wrangler version of the

Jeep was transformed with the release of the JK for the 2007 model year. With a more practical 4-door version, this Wrangler became a popular vehicle for year-round use, which appealed to off-roaders as well as soccer moms. For the 2017 model year, Jeep seriously upgraded the Wrangler, which is now dubbed the JL, and added an exciting new model, the Gladiator, or JT, which is essentially a pickup version of the Wrangler. In Jeep Wrangler JL and Gladiator JT: Performance Modifications, Jeep experts Don Alexander and Quinn Thomas introduce you to these new models and walk you through the capabilities and options for all

of the trim levels. Then, they examine how to make these things better, system by system. Suspension, steering, and brakes are covered, as they are the heart of any off-road rig. Also examined are modification options for axles, driveshafts, and differentials as well as bumpers, armor, and protection. Of course, off-roaders need a quality winch, recovery gear, and upgraded electrics, so options are explored here as well. Wheels and tires are also very important for those leaving paved roads, and upgrade options for all of the trim levels and lift levels are covered thoroughly. Whether you want to build a JL or JT to be a

serious rock crawler or simply look like you are going off-road, all of your options are thoroughly explained in this book. Add a copy to your Jeep reference library. The guide for Tiny Tina's Wonderlands features all of the collectibles in the game, as well as information on all of the classes, including some builds to help you along. - Information on all classes - Builds for the classes - Locations of every collectible - In-depth analysis on Weapons and Armor - Breakdown of the Chaos Chamber - Locations of the more prolific Legendaries The gladiator alternate fighter class

is a robust expansion upon the gladiator archetype in standard fantasy and designed for the Pathfinder Roleplaying Game. Television series such as Spartacus(TM) have vividly inspired us and we are pleased to present 'The Ultimate Gladiator.' Total Party Kill Games' Ultimate Gladiator is an excellent adaptation, blending the exceptional Pathfinder system to a fantastic concept. We've utilized the "Talented" class framework to create a gladiator that is incredibly flexible and has the abilities to back up the strength of the concept. Our gladiator is not only a killer in the arena, but a viable character when allowed to

adventure, providing valuable inspiration to his allies as he performs his feats of bravado and dash. While powerful, the gladiator is mostly limited in scope to melee combat and not well armored, preferring light armor and great mobility over heavier armors. This grants him great reflexes and their incessant combat practice allows them to take wounds that would cripple a normal hero and still keep on fighting. Within are multitudes of talents, feats, combat styles, traits, and even archetypes. Play the role of an insightful Andabata (Blind Helm Fighter), a ferocious Bestiarus (Beast Master), an acrobatic Blade Dancer, the charismatic

Champion, the reviled Criminal, the massive Gigante (Giant), the alluring Gladiatrix, the unstoppable Immortal, the unflinching Ironbound, the wealthy Noble Gladiator, the deadly ranged Sagittarius, the rage-filled Barbaric Slave gladiator, and the fearsome Venator (Beast Slayer). Use 'The Ultimate Gladiator' to bring an exciting new warrior class into your Pathfinder games. Build a gladiator campaign around the multitudes of different gladiators you can build with this sourcebook. Or play a free gladiator that inspires his adventuring allies with his panache and bravado in your existing campaign. You will be

entertained... In Destiny, you play as a Guardian--one of the only heroes left from the last city on Earth. You must explore the ancient ruins of the solar system to reclaim what was lost and fight back against the alien races that have destroyed the realms of humanity.

Destiny is a shared-world first person shooter game with many RPG (Role Playing Game) like elements. Players must explore areas and participate in public events to gain new items and weapons that they can use against foes of increasing difficulty. A Companion to Sport and Spectacle in Greek and Roman Antiquity presents a series of essays that apply a socio-historical perspective to

myriad aspects of ancient sport and spectacle. Covers the Bronze Age to the Byzantine Empire Includes contributions from a range of international scholars with various Classical antiquity specialties Goes beyond the usual concentrations on Olympia and Rome to examine sport in cities and territories throughout the Mediterranean basin Features a variety of illustrations, maps, end-of-chapter references, internal cross-referencing, and a detailed index to increase accessibility and assist researchers Rich with examples, detailed breakdowns, and step-by-step instructions, this book gets down to the nuts and bolts of

gold making, to help you become a World of Warcraft gold tycoon. This book is for every World of Warcraft player who's tired of scrapping for gold or has ever wanted to be the one showing off expensive items in town. Exploration of the life and philosophical reflections of this complex Stoic philosopher and Roman emperor. The history of Rome is that of wars and struggles for power, of magnificent buildings and feats of engineering. Some sights that you see today are well over two thousand years old and yet they are still standing, bringing the magnificent history of the city's

past to life. Throughout its long history Rome has always been a center of power, culture, and religion. Today, it has an immensely rich historical heritage and cosmopolitan atmosphere, making it one of Europe's most visited, famous, influential, and beautiful capital cities. The historic center of Rome is a UNESCO World Heritage Site. There is only one thing to do now - visit! Let's go! Your guide, WanderStories Covers 150 years of product development with a strong emphasis on the history and production of American manufacturers. A team of experts provides current values, along with collector insights for hundreds

of items. Takes readers on a journey back in time in order to experience life in ancient Rome, describing clothing, accommodations, foods, local customs, transportation, and notable personalities. An analysis of the lives of ancient Rome's gladiators explores how they were both despised and hero-worshiped, chronicling how tens of thousands of gladiators perished publicly over the course of six hundred years. Chosen as one of Living Dice's 2009 tops gifts for wargamers From the author of Ancient and Medieval Siege Weapons (Lyons Press), Konstantin Nossov, comes this eye-opening new study of one of the most popular pastimes of

ancient Rome. This detailed, highly readable guide introduces readers to every aspect of the gladiator phenomenon: from the types of equipment the different classes of gladiator used to the high place these sportsman came to occupy with the popular culture of the time. Nossov provides readers with a breathtaking tour of Gladiator customs. At the beginning of their 800-year existence in the 4th century BC, gladiatorial games served as a solemn funeral rite to honor high-born citizens. From the height of their popularity to their decline, they were the equivalent of a multi-billion dollar industry--run by

entrepreneurs and highly regulated by the government. Nossov shows how, with few exceptions, Roman leaders embraced the spectacle and how over the centuries new events such as mortal combat with animals and full-scale naval battles were added to the games. Using updated research that has never before appeared in English, Nossov's chapter on the everyday life and social status of gladiators will surprise many readers. Despite the persistent myth that Gladiators were treated as expendable refuse by their Roman handlers, Nossov demonstrates that the reality was much more nuanced. The professional gladiator pool was

comprised primarily of highly-trained men (and, for a time, women) who volunteered for the arena. In return for a long-term contract with a local games master, these athletes would earn an annual salary hundreds of times greater than an ordinary person. And slaves who were willing to become gladiators could earn their freedom with as few as four wins. These athletes lived communal lives together and trained year round for events that occurred no more than seasonally. As Nossov shows, being a professional gladiator was not much different from the lifestyle of a modern professional football player or boxer. Since the advent of the

2000 film, *Gladiator*, and the HBO series, *Rome*, interest in gladiators is running at an all-time high. Nossov's comprehensive treatment of this enigmatic yet persistently popular phenomenon is sure to delight and enlighten readers everywhere. You're no idiot, of course. The battle scenes in *Gladiator* had you on the edge of your seat and wondering where you could find more information on the rise and fall of ancient Rome. But, so far, your search has left you feeling like a blundering barbarian. Pick yourself up off the Colosseum floor! Consult 'The Complete Idiot's Guide to the Roman Empire', a fun-to-read introduction to the fascinating

history, people, and culture of Ancient Rome. In this Complete Idiot's Guide, you get: -The history of the Roman Empire's rise and fall. -An idiot-proof introduction to the great epic literature of the Roman Republic. -A survey of the Romans in arts and popular culture. -Fascinating details of some of history's most nefarious emperors, including Nero, Caligula, and Commodus. Your guide, WanderStories The year is 2281 - two hundred years after the old world was eradicated by nuclear fire - and now the New California Republic has become powerful along the western coast of what used to

be the United State of America. They've expanded east into Nevada, but across the Colorado river to the east a united army of tribals - Caesar's Legion - have been organized under the guise of ancient Rome. War never changes, and impending conflict looms between the two sides, the prize being the Hoover Dam and control over the Mojave. Stuck in the middle are the residents of Nevada and the jewel in the desert; the city of New Vegas. But the mysterious overlord of New Vegas has his own plans for the future of the Mojave... You are Courier six, an employee of the Mojave Express who has been entrusted with delivering a

mysterious Platinum Chip. The delivery goes horribly awry, however, and after you are robbed and nearly killed for the package you were carrying, you must set out in pursuit of your attackers. Along the way you'll have to navigate the political struggles between factions both large and small, making friends and enemies between the various groups as your actions in the Mojave influence your reputation. Ultimately, a new overlord of the Mojave will be crowned... but will you place that crown upon the brow of Caesar, the New California Republic, the mysterious ruler of New Vegas... or yourself? This guide offers the following: -

Character creation strategies including a run-down of SPECIAL attributes, Skills and Perks. - An ideal chronological order of events walkthrough that will take you through the entire Mojave. - Complete walkthrough of all the main quests and side quests, including faction quests and endings. - A power-gamey New Vegas Medical Center run, for those gamers who want to get off to a great start. - Information about factions and reputation. - The locations of stat-boosting Skill Books, unique weapons and armor and collectible Snowglobes. - A Trophy Guide including detailed information (when necessary) about how to obtain

all the game's trophies. - Old World Blues DLC. Explore every corner of the map and embark on thrilling adventures in this handbook companion to Terraria, the hit multiplatform adventure game! comes a comprehensive manual on how to make impossible choices in a variety of lose-lose decision-making situations, along with facts, figures, statistics, and tips. Original. If you want to discover the history of the Roman Games, then keep reading... What were the Roman games? What was it like for gladiators in the arenas of ancient Rome? How thrilling was it to see chariot races on the Roman race track? Were the condemned really thrown to lions at the Circus Maximus? These are a few of the questions that will be explored in this book. The Romans were known for their extensive civilization, but at the heart of Roman power was a penchant

for the Roman games. Immense money and resources were spent constructing circuses, stadiums, and amphitheaters, all in an effort to create incredible spectacles for the Roman masses. It was said that as long as Roman citizens had "bread and circuses," they would remain content. The Roman people became so absorbed in the Roman games, in fact, that many other vital aspects of Roman society began to deteriorate. This book explores the nature of the Roman games and their relationship with Roman religion, as well as political and military power. Interestingly enough, it has been said that the games stemmed from

religious and funeral rites that used spectacles to appease both the Roman gods and the spirits of the dead. The Roman games were held many centuries ago, yet they still captivate us today. Here in this book, we will explore them in full. You will learn: The origin of the Roman games How the Roman games were connected to Roman religion and politics The nature of gladiatorial combat Chariot races and those who dared to enter these dangerous contests Beast hunts in the ring Roman theater in the arena And more!
