Short Wordless Picture Books Jan 27 2021 This collection of short wordless picture books helps to support children with speech, language and communication needs as they develop their expressive sentence and narrative skills through storytelling. Each book is comprised of six colourful images that follow a simple everyday routine such as ' Brushing Teeth ' , ' Having a Haircut ' and ' Walking the Dog ' . Unlike traditional picture books, they follow a film scroll effect, showing the progression of time and allowing the child to follow the story to its resolution. Because of their simplicity, the books can support children as they move from simple to intermediate sentence levels, as well as encouraging them to consider additional elements of language such as cause and effect, sequencing and inference. This resource includes: Ten beautifully illustrated picture books, each following a simple pattern of routine, disruption and resolution An accompanying guidebook including story scripts, cue questions and prompts for using the resource to support additional skills Although developed specifically to help children with speech, language and communication needs, this set is suitable for any child who requires support and practice in developing their speech. It is an invaluable resource for speech and language therapists, teaching staff and caregivers.

The Procrastinator's Guide to Retirement Aug 14 2022 Let ' s face it, planning and saving for retirement is not easy. We are told that the earlier we start the better and that the “ magic of compounding ” will make our dreams come true if we simply trust the stock market and our investment advisor. But for most people it ' s simply not possible. People in their twenties are often saddled with student debt and may be struggling to find suitable full-time employment. Saving for retirement is the last thing on their minds, as it should be. Then in our thirties and forties we tend to do things like get married, have kids, and buy houses. All these things cost a lot of money! So for many people there simply isn ' t any money left to put away for retirement. Therefore many of us become procrastinators when it comes to saving for retirement. But there is hope. This book will take you step-by-step though planning and saving for retirement starting in your fifties and the best way to fund your retirement years. It is designed for people approaching retirement who want to ensure it is comfortable and stress-free.

A Field Guide to Channel Strategy Feb 20 2023 Building a route to market is fundamental to sales and survival. This book demystifies marketing channel strategy by focusing on how to do channel design and management. We provide practical tools

and frameworks for key decisions and highlight the critical tradeoffs and pitfalls. Many channel strategies are built like the wood towers used in popular stacking games. You hope your tower is sturdy and strong. But over time, you may replace or add partners, add or subtract routes to market, and change your product lines - so your channel strategy must adapt in order to prevent your tower from collapsing or breaking apart. This Field Guide introduces you to the channels landscape, helps you understand your building block options, and unpacks the physics of adding and subtracting channel components, to give you the tools you need to keep your go-to-market strategy resilient, responsive, and a source of competitive advantage.

them together to make far more robust choices. In *Compensation and Benefit Design*, world-renowned compensation expert Bashker D. Biswas helps you bring financial rigor to compensation and benefit program development. He introduces a powerful Human Resource Life Cycle Model for considering compensation and benefit programs... fully addresses issues related to acquisition, general compensation, equity compensation, and pension accounting... assesses the full financial impact of executive compensation and employee benefit programs... and discusses the unique issues associated with international HR programs. Finally, in *People Analytics*, Ben Waber helps you discover powerful hidden social "levers" and networks within your company, and tweak them to dramatically improve business performance and employee fulfillment. Drawing on his cutting-edge work at MIT and Harvard, Waber shows how sensors and analytics can give you an unprecedented understanding of how your people work and collaborate, and actionable insights for building a more effective, productive, and positive organization. Whatever your HR role, these 6 eBooks will help you apply today's most advanced innovations and best practices to optimize workplace performance -- and drive unprecedented business value. From world-renowned human resources experts Alison Davis, Jane Shannon, Wayne Cascio, John W. Boudreau, Steven Director, James C. Sesil, Bashker D. Biswas, and Ben Waber .
