Here is the fourth installment in Stella

Rimington's series of thrilling novels that have at their center MI5 officer Liz Carlyle. As plans get under way for a Middle East peace conference at the Gleneagles resort in Scotland, alarming information comes to MI5 from a high-ranking Syrian source: two individuals are mounting an operation to violently disrupt the conference and lay the blame on Syria. No one knows who they are, exactly what they're planning or if they're working independently or being controlled by an unseen foreign hand. But given the stature of the conference attendees—heads of state from the United States, the United Kingdom, Israel, Syria, Jordan, Lebanon and Iran—no chances can be taken. Initially, the leads look promising, but as the conference deadline draws closer and the clues lead Liz to one seeming dead end after another, she begins to understand that the threat is far greater than she or anyone else has imagined. Her most reliable tool has always been her searingly keen intuition—about what makes people tick, what makes them explode, what makes them defy the most basic constructs

of society—but will it be enough to avert a disaster that may forever erase the possibility of peace in the Middle East? Once again, Stella Rimington brings her experience as the first woman Director General of MI5 to bear in a powerfully suspenseful, intellectually and psychologically riveting tale about how the war on terrorism can suddenly—and continually—reshape our world. Notorious, handsome, and decadent, the Lords of Vice prowl the glittering ballrooms of Regency London—breaking rules and hearts with equal aplomb. But even the wildest rogue must eventually meet his match... Seduce Lady Juliana Ivers and then cast her aside: Those are his sister's instructions. Alexius Braverton, Marquess of Sinclair—known as Sin to the ton—is happy enough to oblige, especially when he catches a glimpse of his target. Juliana is completely unlike the empty-headed chits who barely hold his attention for a week. A true gentleman would leave her to find a worthy suitor. But then, a Lord of Vice would never claim to be a gentleman. Juliana is expected to marry well to

improve her family's finances, even if she secretly longs to make a living through her musical compositions. A dalliance can only complicate matters, though not even practical Juliana can help succumbing to the aptly named Sin. But one unforgettable night will draw her into a scandalous affair—and a seduction begun as sport will soon become deliciously, dangerously real... Liz Carlyle, the quick, passionate intelligence officer of Britain's MI5, returns to defuse a terrorist plot in this high-stakes, high-tension tale of international espionage. When it appears a “secret asset”—a sleeper spy—has infiltrated British Intelligence, the Director of Counter-Terrorism assigns Liz Carlyle to dig up the mole. The spy, possibly a former IRA operative now working with British-born Al Qaeda sympathizers, has one thing on his (or her?) mind: total devastation. With a major attack looming, Liz must trust her instincts and move fast. But this assignment is deadly, and suddenly she feels like she has wandered into a wilderness of mirrors, where nothing is

what is seems and no-one can be trusted. For fans of *Homeland* and *The Night Manager*, the latest thriller in Stella Rimington's bestselling espionage series sees Liz Carlyle investigating a sinister Russian plot. A Russian immigrant lies dying in a hospice in upstate Vermont. When a stranger visits, claiming to be a childhood friend, the FBI is alerted and news quickly travels to MI5 in London. Liz Carlyle and her colleague Peggy Kinsolving are already knee-deep in conspiracies, and as they unravel the events that landed the man in the hospital, Liz learns of a network of Russians and their plot to undermine the German government. Liz and Peggy set out to locate and stop this insidious network, traveling the world from Montreal to Moscow. The latest expertly plotted thriller in Stella Rimington's bestselling series, *The Moscow Sleepers* is a white-knuckle ride through the dark underbelly of international intelligence, simmering political animosities, and global espionage. A new cold war is coming, and Liz Carlyle is about to find herself on very thin ice.

Still reeling from the loss of the man she loved in a botched antiterrorist operation in Paris, Carlyle has been posted to MI5's counter-espionage desk, where her bosses hope the relative quiet might give her the chance to find her feet again. However, they hadn't counted on the aftershocks of Russia's incursions into Crimea and President Putin's determination to silence those who would oppose him, wherever they may be living in the world. As a result, Liz soon finds herself on the hunt for a Russian spy on British soil--a spy whose intentions are unknown, and whose presence is a threat not only to Russian dissidents living in England but also to the security of the nation itself. And with MI5 and MI6 coming under painful public scrutiny in the post-Edward Snowden world, for Liz and her team, security is something that is beginning to feel increasingly remote. Pacy, gripping and drawn from her own experience, Stella Rimington's latest Liz Carlyle thriller brings the new cold war compellingly to life. You can achieve your business dream. MI5 intelligence officer Liz Carlyle has just been despatched to Northern Ireland. It's a promotion, and she'll be running agents--her favourite activity--but it also means being separated from Charles Wetherby, her old boss, recently widowed and a very close friend. Attachments in the Intelligence Services are not encouraged: it seems her superiors know more about Liz's life than she thinks. In Belfast, Liz and her team are monitoring the brutal breakaway Republican groups who never accepted the peace process and want to continue their "war." Intelligence is focused on the shady Fraternity, with links to drug-running, arms-dealing and organised crime. With some help from Special Branch and a volunteer informant

who seems to be legit, the Fraternity's leader is identified as a cold, calculating and ruthless American, hijacking the Cause for his own financial ends. It is a perilous group to become involved with. Especially if your informant turns tail. . . "A CIA analyst makes a split-second decision that endangers her country but saves her son--and now she must team up with an answer-hungry journalist she's not sure she can trust in this electrifying thriller . . . Nothing gets by Jill Bailey. As a CIA analyst, she's in charge of investigating and vetting new sources. Sources like FALCON, who's been on the fast-track to recruitment. He says he's a Syrian defense official attached to a covert biowarfare program--and with a global pandemic fresh in their minds, CIA officials are desperate to use him. It's Jill's job to make sure he is who he claims to be, and that his case officers in the field haven't been duped--or coerced. But before she can get to work, she gets a call. One that's every parent's nightmare. We have your son. And to get

him back, Jill does something she thought she'd never do. As it turns out, she isn't the only one with questions about FALCON. Alex Charles, a journalist eager to break the next big story, begins to investigate an anonymous tip: an explosive claim about the CIA's hottest new source. This is the story that Alex has been waiting for. The tip--and a fierce determination to find the truth--leads Alex to Jill, who would rather remain hidden. As the two begin to work together, they uncover a vast conspiracy that will force them to confront their loyalties to family and country"-- Admiral Stavridis, a leader in military, international affairs, and national security circles, shares his love of the sea and some of the sources of that affection. The Sailor's Bookshelf offers synopses of fifty books that illustrate the history, importance, lore, and lifestyle of the oceans and of those who "go down to the sea in ships." Stavridis colors those descriptions with glimpses of his own service--"sea stories" in popular parlance--that not only clarify his choices but show why he is held in such high

esteem among his fellow sailors. Divided into four main categories—The Oceans, Explorers, Sailors in Fiction, and Sailors in Non-Fiction—Admiral Stavridis' choices will appeal to "old salts" and to those who have never known the sights of the ever-changing seascape nor breathed the tonic of an ocean breeze. The result is a navigational aid that guides readers through the realm of sea literature, covering a spectrum of topics that range from science to aesthetics, from history to modernity, from solo sailing to great battles. Among these eclectic choices are guides to shiphandling and navigation, classic fiction that pits man against the sea, ecological and strategic challenges, celebrations of great achievements and the lessons that come with failure, economic competition and its stepbrother combat, explorations of the deep, and poetry that beats with the pulse of the wave. Some of the included titles are familiar to many, while others, are likely less well-known but are welcome additions to this encompassing collection. Admiral Stavridis has chosen some books that are relatively

recent, and he recommends other works which have been around much longer and deserve recognition. A mother will risk everything to find her missing daughter in this twisty thriller from the author of *Girl Gone Mad*. "Sometimes teenagers run away...Give her a few days. She'll be back." That's what the police tell Jessica Moore when her seventeen-year-old daughter, Wyn, vanishes. All signs point to this being true. But days become weeks. Weeks become months. And Jessica begins to fear the terrible truth--that she may never see her daughter again. Then, one year later, when all hope seems lost, Jessica gets a flurry of text messages from Wyn that freeze her blood: mom. please help. i think he's going to kill me. But Wyn's terrified plea comes with a warning not to call the police. Her kidnapper wears a badge. As Jessica's fears are raised again, so are the stakes. Delving into the months leading up to Wyn's disappearance, Jessica stumbles upon information that could put her own life in danger. With each revelation, the nightmare deepens. Now she must decide

just how far she'll go to bring her daughter home. In this powerful and passionate novel from Liz Carlyle, one of romance fiction's brightest new stars, a high-society murder brings scandal to the lords and ladies of the ton -- and unexpected desire to a pair of unlikely lovers. No True Gentleman Lady Catherine Wodeway knows that no true gentleman would presume to kiss a lady senseless without a proper introduction -- not even to save her life. yet somehow, Maximilian de Rohan's dark good looks, brooding manner, and mysterious past make it all too easy for Catherine to forget that she's a lady. Although Max is stunned by Catherine's beauty, honesty, and charm, he knows that getting mixed up with a noblewoman can end badly, especially when her brother is a murder suspect. But when Catherine stumbles onto the key to Max's murder investigation and unwittingly places herself in the killer's hands he will risk everything to pull her out of danger and into the arms of love. The acclaimed author of *The Devil You Know* pens a shimmering novel about a Scottish

noblewoman on the run from her past and a powerful English lord brought to his knees by desire. Aubrey Montford claims to be a widowed housekeeper. Desperate to keep her new post—and her secrets—she transforms desolate Castle Cardow into a profitable estate. Yet soon after her employer, Lord Walrafen, returns from long years of absence, Aubrey is suspected of murder. Sparks and tempers ignite whenever she and the smoldering earl meet, but he may be her only hope. Walrafen returns reluctantly to the childhood home he loathes. Cardow is said to be haunted—by more than the earl's sad memories—but it was no ghost that murdered his uncle. Is the castle's beautiful chatelaine a murderess? At the very least, she's a liar—he has proof. Yet the truth of his soul is that he's drawn to her with a kind of fierce passion he's never known... Do women really want less sex than men? If you're reading this book, chances are that you have questions or concerns about your sexual relationship with a significant other. You may be worried that you're not having enough sex, or perhaps that you're

wanting too much. You may be concerned about the fact that you no longer seem to desire sex the way you once did, or that your spouse doesn't seem to desire you. You may be running out of excuses to put off a partner with a much bigger appetite for sex, wondering why you find yourself constantly relying on excuses and questioning why there's such a disconnect between the two of you. Psychologist Sara Dimerman has been counselling couples for twenty-five years, and of all the reasons that they seek her help, problems in their sexual relationship ranks high on the list. When digging beyond the clichéd excuses, Sara discovers the underlying reasons that each has for wanting more or less intimacy with the other; and the impact that their current state of union is having on their sex life. In her new book, Sara Dimerman explores patterns that crop up between couples and the problems that may be creating obstacles on their path towards bringing sex, sexual desire, and intimacy back to life and then helps them figure out what they're going to do about it. Sara also reveals why so many

married men and women are willing to risk losing everything they've built together over the years by engaging in sexual relationships with others, with or without the consent of their partners. From its opening scene to its breath-catching climax, Liz Carlyle's newest novel is a vividly etched portrait of passion and intrigue. When a woman consumed by sinister secrets opens the door to a strikingly handsome stranger, a powerful desire rushes in -- and a love she could not have imagined. Hell hath no fury like a woman scorned, and Jonet Rowland is surely that. But she is also lovely, rich, and -- it is rumored -- an unrepentant adulteress. When her philandering husband, the marquis of Mercer, is murdered in his own bed, it's whispered that Jonet is a femme fatale in more ways than one. Shunned by society, the daring widow steels herself to fight for what truly matters -- her children. When his scheming uncle begs him to investigate the death of his brother, Lord Mercer, Captain Cole Amherst refuses. But it is soon apparent that treachery stalks two innocent boys,

and Cole plunges into the viper's pit that is Jonet Rowland's life. Nothing could have prepared Cole for the lust Jonet inspires. But as danger swirls about them, he is tortured by doubt. Can an honorable soldier open his shuttered heart and let a wicked widow teach him how to truly love? The fiercely intelligent, ambitious MI5 officer Liz Carlyle returns in a spy novel of arresting psychological complexity and unflagging suspense. In the most recent installment in the Liz Carlyle series, Liz has been transferred to counter-espionage—the hub of MI5 operations during the Cold War. Her mission: protect Nikita Brunovsky, an increasingly vocal opponent of Vladimir Putin, who has been targeted for assassination and is seeking refuge in the UK. The Foreign Office is adamant about forestalling a crime that could become a full-blown international incident. So Liz goes undercover, attaching herself to Brunovsky's retinue: racing against the clock to determine who betrayed him and suddenly facing a wholly unexpected second task—unmasking a Russian operative working undercover alongside

her. Screenwriter and acclaimed film critic C. Robert Cargill makes his fiction debut with *Dreams and Shadows*, taking beloved fantasy tropes, giving them a twist, and turning out a wonderful, witty, and wry take on clash between the fairy world and our own. Something is missing from Ewan and Colby's lives. Residing in the corners of their memories is their time in Limestone Kingdom, a realm filled with magic and mystery, a world where only some may travel amongst the menagerie of mystical souls and sinister demons. Cargill offers well-crafted characters and an absorbing, intricate plot that will appeal to fans of Neil Gaiman and Lev Grossman. *Dreams and Shadows* pulls you into an extraordinary universe of darkness that exposes the magic and monsters in our world, and in ourselves. New York Times bestselling author Liz Carlyle has created a breathtaking new romance about a man without scruples and the lady who brings him to his knees. What does it matter if Kate, Lady d'Allenay, has absolutely no marriage prospects? She has a castle to tend, an estate to run, and a sister to

watch over, which means she is never, ever reckless. Until an accident brings a handsome, virile stranger to Bellecombe Castle, and Kate finds herself tempted to surrender to her houseguest's wicked kisses. Disowned by his aristocratic family, Lord Edward Quartermaine has turned his gifted mind to ruthless survival. Feared and vilified as proprietor of London's most notorious gaming salon, he now struggles to regain his memory, certain of only one thing: he wants all Kate is offering—and more. But when Edward's memory returns, he and Kate realize how much they have wagered on a scandalous passion that could be her ruin, but perhaps his salvation. From one of the great naval leaders of our time, a master class in decision-making under pressure through the stories of nine famous acts of leadership in battle, drawn from the history of the United States Navy, with outcomes both glorious and notorious At the heart of Admiral James Stavridis's training as a naval officer was the preparation to lead sailors in combat, to face the decisive moment in battle

whenever it might arise. In *To Risk it All*, he offers up nine of the most useful and enthralling stories from the US Navy's nearly 250-year history, and draws from them a set of insights that we can all put to use when confronted with fateful choices. Conflict. Crisis. Risk. These words have a distinct meaning in a military context that we hope will never apply identically in our own lives. But at the same time, as Admiral Stavridis shows with great clarity, many lessons are universal. *To Risk it All* is filled with thrilling and heroic exploits, but it is anything but a shallow exercise in myth burnishing. Every leader in this book has real flaws, as all humans do, and the stories of failure, or at least the decisions that have been defined as such, are as crucial as the stories of success. In the end, when this master class is concluded, we will be better armed for hard decisions both expected and not. Beauty is like the night, fleeting and hard to hold, a truth the forbidding Lord Treyhern is about to discover. Let the opulence of Liz Carlyle's prose immerse

you in the beauty of England while plunging you into the midst of the outrageous Rutledge family, where scandal is served up like a soup course and dangerous secrets are everywhere. The daughter of London's wickedest widow, Helene de Severs has struggled to overcome her heritage. Renowned within Europe's emerging psychiatric field, Helene has a gift for healing children. When fate sends her back to England, the country she left in disgrace, Helene is confident she has learned to govern her own reckless emotions. Ruthlessly, Treyhern has dragged his notorious family from the brink of ruin. But a disastrous marriage has left him with a traumatized child, and his rebellious brother is just one step ahead of the bailiffs. When his dissolute father drops dead while debauching the governess, Treyhern's infamous temper is truly tested. But the forceful earl means to straighten everyone out -- as soon as he has hired a reputable governess. Yet the moment she steps from his carriage, Treyhern's cold reserve is melted by a rush of desire he had long thought dead.

With her elegant clothing and mountain of luggage, the woman is not who he expected. Or is she? Sometimes the workings of the mind are as dangerous as those of the heart. Beneath the elegant façade of Victorian high society, the rules of danger and desire are the only rules that apply for the mysterious men of the St James Society. New York Times bestseller Liz Carlyle carries readers deep into this realm of intrigue and passion once more in her breathtaking historical romance sizzler, The Bride Wore Pearls. The third book in her sexy, compelling, action-packed series, The Bride Wore Pearls is a scorching story of a very proper lady who flees her home in a far corner of the British Empire, entrusting her safety and her heart to a dangerous outlaw in Victorian London.

Amanda Quick and Gaelen Foley fans will most certainly be enthralled. Join New York Times bestselling author Sabrina Jeffries and three other delightful historical romance authors as they put their own spin on the bestselling School for Heiresses series. These passionate tales feature four young women who learn that there's nothing textbook about love... At the School for Heiresses, the lessons go far beyond etiquette and needlepoint. In addition to teaching her students how to avoid fortune hunters, headmistress and founder Charlotte Harris proposes the radical notion that women of all means need not shackle themselves to men at all—unless they find a suitable, desirable mate. So lessons in the fine art of acquiring a loving and passionate husband are part of the curriculum at this highly unusual school. And as the holidays approach, Mrs. Harris sends her young ladies home with personally tailored lessons to work on. Will they return any closer to finding the perfect husband? The bestselling author of No Logo shows how the global "free market" has exploited

crises and shock for three decades, from Chile to Iraq In her groundbreaking reporting, Naomi Klein introduced the term "disaster capitalism." Whether covering Baghdad after the U.S. occupation, Sri Lanka in the wake of the tsunami, or New Orleans post-Katrina, she witnessed something remarkably similar. People still reeling from catastrophe were being hit again, this time with economic "shock treatment," losing their land and homes to rapid-fire corporate makeovers. The Shock Doctrine retells the story of the most dominant ideology of our time, Milton Friedman's free market economic revolution. In contrast to the popular myth of this movement's peaceful global victory, Klein shows how it has exploited moments of shock and extreme violence in order to implement its economic policies in so many parts of the world from Latin America and Eastern Europe to South Africa, Russia, and Iraq. At the core of disaster capitalism is the use of cataclysmic events to advance radical privatization combined with the privatization of the disaster response

itself. Klein argues that by capitalizing on crises, created by nature or war, the disaster capitalism complex now exists as a booming new economy, and is the violent culmination of a radical economic project that has been incubating for fifty years. start of an operation which will test her to the limit and put her own life in jeopardy. As she sifts the incoming evidence and gets reports from her agents she realizes there is an immanent terrorist threat. But who or what is the target? And who and where is the invisible? Time is of the essence in this desperate search and it becomes clear that it is Liz's intuitive skills, her ability to get inside her enemy's head, which offer the only hope of averting disaster. 'The story of MI5's transformation - is fascinating. So, too is Rimmington's account of her rise in what was very definitely a man's world.' Guardian

The eye-opening memoir from the first female Director-General of MI5 Stella Rimmington worked for MI5 between 1969 and 1996, one of the most turbulent and dramatic periods in global history. Working in all the main fields of the Service's responsibilities - counter-subversion, counter-espionage and counter-terrorism - she became successively Director of all three branches, and finally Director-General of

MI5 in 1992. She was the first woman to hold the post and the first Director-General whose name was publicly announced on appointment. In *Open Secret*, she continues her work of opening up elements of the work of our security services to public scrutiny, revealing the surprising culture of MI5 and shedding light on some of the most fascinating events in 20th century history from the ultimate insider viewpoint.

A riveting novel of international suspense from acclaimed author and veteran diplomat Matthew Palmer. Twenty years after the Srebrenica massacre that claimed the life of his friend and colleague, Eric Petrosian is back in Sarajevo at the American embassy, and the specter of war once again hangs over the Balkans. The Bosnian Serb leader, who had for a time been seeking a stable peace, has turned back to his nationalist roots and is threatening to pull Bosnia apart in a bloody struggle for control . . . and behind him is a shadowy mafia figure pulling the strings. As Eric is dragged deeper into the political maelstrom and uncovers a plot of blackmail and ruthless ambitions, Eric is faced with an impossible choice: use the information he's uncovered to achieve atonement for

the past or use it to shape the future.

Missing, and look for her other pulse-pounding thrillers: *The Good Girl* *Pretty Baby* *Don't You Cry Every Last Lie* *When the Lights Go Out* At a tracking station in Virginia, U.S. Navy officers watch in horror as one of their communications satellites plummets into the Indian Ocean and panic spreads through the British and American intelligence services. When a Russian intelligence officer approaches MI5 with vital information about the cyber sabotage, he refuses to talk to anyone but Liz Carlyle. But who is he, and how is he connected to Liz? Is this a Russian plot to disable the West's defenses? Or is the threat coming from elsewhere? As Liz and her team search for a mole inside the Ministry of Defense, the trail takes them from Geneva, to Marseilles, and to Korea in a race against time to stop the Cold War from heating up. Five books in the outstanding Liz Carlyle espionage series, written by the former Head of MI5. *Rip Tide* When pirates attack a cargo ship off the Somalian coast, MI5 Intelligence Officer Liz Carlyle is brought in to establish how and why a young British

Muslim could have ended up onboard, armed with a Kalashnikov. The Geneva Trap When a rogue spy warns her of a plot to hack into the West's military satellite systems, MI5's Liz Carlyle finds her past catching up with her. Close Call Liz Carlyle and the Counter Terrorism Unit must investigate the undercover arms trade and prevent a possible attack on Europe, with Liz caught up in a manhunt that leads her to Paris, to Berlin and into her own long-forgotten past. Breaking Cover Recovering from a grueling terrorist investigation, Liz Carlyle is soon on the hunt for a Russian spy whose work threatens to plunge Britain back into a new Cold War. The Moscow Sleepers Liz Carlyle investigates a sinister plot concerning a European sleeper agent who is beginning to question his role while suspicions have been roused about a boarding school in Suffolk that has recently changed hands in mysterious circumstances. From one of the most distinguished admirals of our time and a former Supreme Allied Commander of NATO, a meditation on leadership and character refracted through the lives of ten of the

most illustrious naval commanders in history. In *Sailing True North*, Admiral Stavridis offers lessons of leadership and character from the lives and careers of history's most significant naval commanders. He also brings a lifetime of reflection to bear on the subjects of his study--naval history, the vocation of the admiral, and global geopolitics. Above all, this is a book that will help you navigate your own life's voyage: the voyage of leadership of course, but more important, the voyage of character. *Sailing True North* helps us find the right course to chart. Simply as epic lives, the tales of these ten admirals offer up a collection of the greatest imaginable sea stories. Moreover, spanning 2,500 years from ancient Greece to the twenty-first century, *Sailing True North* is a book that offers a history of the world through the prism of our greatest naval leaders. None of the admirals in this volume were perfect, and some were deeply flawed. But from Themistocles, Drake, and Nelson to Nimitz, Rickover, and Hopper, important themes emerge, not least that serving your

reputation is a poor substitute for serving your character; and that taking time to read and reflect is not a luxury, it's a necessity. By putting us on personal terms with historic leaders in the maritime sphere he knows so well, James Stavridis gives us a compass that can help us navigate the story of our own lives, wherever that voyage takes us. One lie put the nation at risk. Another might save it. 'I wanted more' DAVID GILMAN
