Men's Health magazine contains daily tips and articles on fitness, nutrition, relationships, sex, career and lifestyle. With this book and your Canon PowerShot, taking pictures becomes a lot more fun! The Quick Tour gets you familiar with all the settings and menus on your G, S, TX, A, or SD-series camera, so you can start shooting. Then spend some time exploring tips for getting super shots in dozens of situations, using manual settings for greater control, and telling a story with your photos. Finally, learn the best ways to download, edit, and print your pictures. Covers receipts and expenditures of appropriations and other funds. If you're an entrepreneur, salesperson, advertiser, or business owner, understanding the art of subliminal persuasion will give your bottom line a big boost. In Subliminal Persuasion, master marketer Dave Lakhani reveals in step-by-step detail the exact techniques that really work in persuading and influencing others. It's not about lying or tricking anyone. It's about know what will appeal to people and how communicate that appeal effectively, profitably, and ethically. This is marketing that really convinces. A must-have read for anyone looking to take their independently-produced film or video into the 3rd dimension. The text features technical, practical, and inspirational insight from the visionaries who've been producing 3D film and video for decades, not just in the recent past. They offer low-cost techniques and tricks they've been implementing themselves for years. A variety of styles are discussed, from full CG to time lapse - even a film made during a freefall skydive jump! The filmmakers discuss

- \* Options for on-set playback
- \* Preparing for final playback in various formats
- \* Adapting existing technology to your needs
- \* Post production software choices
- \* Working with computer graphics in 3D

This book includes 3D glasses and a companion YouTube channel featuring the work of the filmmakers featured in the book (which you can view in 3D with the glasses), as well as the opportunity for you to upload your own videos for critique and feedback from the author and others. 3D glasses are not included in the purchase of the e-book of 3-DIY. If you have purchased the e-book, and would like a pair of 3D glasses, please contact the publisher at [Dennis.McGonagle@taylorandfrancis.com](mailto:Dennis.McGonagle@taylorandfrancis.com)

Most businesses depend on their rankings on Google, Yahoo!, and other search engines to drive traffic to their websites. The higher a business's ranking, the more traffic its site gets. Where does a webmaster or online market manager go for advice and instruction on optimizing a business's website for higher search engine rankings? The few search engine optimization (SEO) books currently on the market are dated and do not cover the latest local, mobile, and social marketing techniques. The Complete Idiot's Guide® to Search Engine Optimization is a comprehensive, up-to-date, easy-to-use guide for SEO. It starts with a general overview of how search engines and SEO work and then flows into specific techniques for basic website optimization. It addresses the analysis and ongoing maintenance of a site's optimization and finishes with a look at how search engine marketing fits within a company's overall online marketing plan. In The Complete Idiot's Guide® to Search Engine Optimization, readers learn-

- How search engines and SEO work.
- How to optimize your site's keywords, tags, and design.
- How to optimize the links to your site, local and mobile searches, and social media.
- How to apply the strategies to a blog and web videos for search engines.
- How to use third-party SEO tools.
