**The Sugar Season** Nov 24 2020 A year in the life of one New England family as they work to preserve an ancient, lucrative, and threatened agricultural art--the sweetest harvest, maple syrup... How has one of America's oldest agricultural crafts evolved from a quaint enterprise with "sugar parties" and the delicacy "sugar on snow" to a modern industry? At a sugarhouse owned by maple syrup entrepreneur Bruce Bascom, 80,000 gallons of sap are processed daily during winter's end. In *The Sugar Season*, Douglas Whynott follows Bascom through one tumultuous season, taking us deep into the sugarbush, where sunlight and sap are intimately related and the sound of the taps gives the woods a rhythm and a ring. Along the way, he reveals the inner workings of the multimillion-dollar maple sugar industry. Make no mistake, it's big business--complete with a Maple Hall of Fame, a black market, a major syrup heist monitored by Homeland Security, a Canadian organization called The Federation, and a Global Strategic Reserve that's comparable to OPEC (fitting, since a barrel of maple syrup is worth more than a barrel of oil). Whynott brings us to sugarhouses, where we learn the myriad subtle flavors of syrup and how it's assigned a grade. He examines the unusual biology of the maple tree that makes syrup possible and explores the maples'--and the industry's--chances for survival, highlighting a hot-button issue: how global warming is threatening our food supply. Experts predict that, by the end of this century, maple syrup production in the United States may suffer a drastic decline. As buckets and wooden spouts give way to vacuum pumps and tubing, we see that even the best technology can't overcome warm nights in the middle of a season--and that only determined men like Bascom can continue to make a sweet life out of rugged land.

**Brian Piccolo** Jun 12 2022 The heroic story of the legend whose life inspired Brian's Song.

**A Short Season with Ernie** May 11 2022 A Short Season with Ernie is a charming 'coming of age' true story in a straightforward, easy-going style as if author Joe Seme and the reader are sitting on a porch, maybe with a couple of cold ones, traveling back to the 1950s. This story revolves around Joe's grandfather Ernie Padgett, who was a major league ballplayer. Pop Pop as he was called, was a wise and wonderful grandfather. You will meet family members and other characters all with a common thread of baseball. This book will make you smile, laugh out loud, and definitely cry. You will learn how baseball influences lives for a lifetime.

**Goat Song** Feb 20 2023 Acclaimed novelist Brad Kessler lived in New York City but longed for a life on the land where he could grow his own food. After years of searching for a home, he and his wife, photographer Dona Ann McAdams, found a mountain farmhouse on a dead-end road, with seventy-five acres of land. One day, when Dona returned home with fresh goat milk from a neighbor's farm, Kessler made a fresh chèvre, and their life changed forever. They decided to raise dairy goats and make cheese. *Goat Song* tells about what it's like to live intimately with animals who directly feed you. As Kessler begins to live the life of a herder -- learning how to care for and breed and birth goats -- he encounters the pastoral roots of so many aspects of Western culture. Kessler reflects on the history and literature of herding, and how our diet, our alphabet, our religions, poetry, and economy all grew out of a pastoralist milieu among hoofed animals. Kessler and his wife adapt to a life governed by their goats and the rhythm of the seasons. And their goats give back in immeasurable ways, as Kessler proves to be a remarkable cheesemaker, with his first tomme of goat cheese winning lavish praise from America's premier cheese restaurants. In the tradition of Thoreau's *Walden* and Annie Dillard's *Pilgrim at Tinker Creek*, *Goat Song* is both a spiritual quest and a compelling and beautiful chronicle of living by nature's rules.

**Growing Food in a Short Season** Dec 14 2019 Those fortunate enough to live in northern climes celebrate the warm summers blessed with some of the longest days of anywhere on earth -- albeit for only a short season. This combination of a short temperate season and long hours of daylight presents a unique challenge for northern gardeners with hopes of harvesting before the autumn frosts arrive. Melanie J. Watts, long-time resident of the B.C. Peace Region and a Master Gardener, explains that with the right gardening practices the short northern summer can lead to an explosion of life, producing enough colour and food to see anyone through the dark days of winter. Providing helpful hints and wise gardening philosophy for a productive food garden, Watts begins at ground level with instruction on how to use compost and manure to create fertile soil that will lend its life to plants. A variety of seed options and planting methods are presented -- including start times and placement -- taking into account microclimates that occur in each garden as well as the benefits of companion planting. Additionally, plants that are easily grown in zones 2 and 3 are listed with concise how-to-grow information. Watts provides full chapters on garden maintenance and harvesting, as well as tips on cooking and preserving your bounty with great recipes that focus on eating seasonally. A gardening journey from the ground to the plate, *Growing Food in a Short Season* emphasizes success through working with nature and using sustainable, organic practices. Watts provides a valuable resource -- even for those gardeners who don't have to endure the seven long winter months of the Canadian north.

*Pilgrim at Tinker Creek* Jul 21 2020 Winner of the Pulitzer Prize "The book is a form of meditation, written with headlong urgency, about seeing. . . . There is an ambition about her book that I like. . . . It is the ambition to feel." — Eudora Welty, *New York Times* Book Review *Pilgrim at Tinker Creek* is the story of a dramatic year in Virginia's Roanoke Valley, where Annie Dillard set out to chronicle incidents of "beauty tangled in a rapture with violence." Dillard's personal narrative highlights one year's exploration on foot in the Virginia region through which Tinker Creek runs. In the summer, she stalks muskrats in the creek and contemplates wave mechanics; in the fall, she watches a monarch butterfly migration and dreams of Arctic caribou. She tries to con a coot; she collects pond water and examines it under a microscope. She unties a snake skin, witnesses a flood, and plays King of the Meadow with a field of grasshoppers. The result is an exhilarating tale of nature and its seasons.

Down The Path Of Life Jan 27 2021 Some paths in life's journey end, yet others begin with fresh starts and new opportunities. While the last pages are closing on this series, other pages may be written to share new adventures and fresh perspectives. Journeys often include struggles, and the author shares his passions, imaginations, and thoughts only among the struggles of time, responsibility, and distraction. These pages were written with resolve and determination to bring a close to the four seasons. While many often excuse lack of time for their passions through their complex lives, this author offers more heartfelt poems and historical fiction short stories in "Down The Path Of Life, Season's Heat." Often in individuals lives there is some unjust act that is committed against them, and they go to their graves with a grudge. Read about the unique opportunity of the dead being given a second chance to rectify those wrongs in "Dirige, Domine." Learn how love conquers hate in a story of a young lad being separated from his father in "A Journey Taken." And join in through one last adventure of "William and Boonesborough, Part 7" as he learns that sometimes to love means to let go. These among many other stories fill the pages of this book.

*A Short Season* Jan 19 2023 No parent is ever ready for a terminal diagnosis of their child. No mother should see the day where turning off your son's ventilator is the only option to end his pain. And no grandfather should see the day when your grandchild is scheduled to die in his mother's arms. But on September 10, 2005, this was the harsh reality facing our family, and this was the day we'd never forget. I am no pastor; nor a preacher. I am no miracle worker, nor a missionary. I am a struggling husband, a decent father, a survivor of brutal child abuse, and from the miraculous survival and extraordinary life of a Progeria child, I am a believer saved by the Grace of God through Jesus Christ. In *A Short Season: Faith, Family, and a Boy's Love for Baseball*, Dave Bohner, the story's narrator and Grandfather to Josiah, and Jake Gronsky, former professional baseball player with the St. Louis Cardinals organization, tell the powerful story of Josiah Viera's fight for life that not only sparked a family's journey towards healing but inspired a generation of baseball players from one of the most historic organizations in Major League Baseball. *A Short Season* is a story of hope; a story of acceptance; and a story of faith based on the idea that sometimes a person's only journey to peace is first trekked through pain. *A Short Season* is a family's journey through sorrow and joy, it is a baseball team's inspiration, and it is the story of one exceptional child's ray of hope that changed all of their lives forever.

Primetime 1966-1967 Oct 12 2019 The year 1966 was when many TV viewers all over America discovered the wonders of "in living color." The 1966-1967 primetime television lineup was remarkable not only for the legendary shows that aired, but also because it was the first season in which every show on primetime, across all three major networks, was broadcast entirely in color. Celebrating this iconic year of television, this book covers every scripted episodic show that aired on the ABC, CBS, and NBC networks during the 1966-1967 season in primetime. It includes longtime favorites such as *Batman*, *Bonanza*, *Voyage to the Bottom of the Sea*, and *The Lucy Show* and the notable shows that premiered that year such as *Star Trek*, *The Monkees*, *Green Hornet*, *Mission: Impossible*, *It's About Time*, and the color revival of *Dragnet*. Organized by genre, each entry examines a show from conception to cancelation (and sometimes beyond), ratings, critical and fan reactions, and the show's use of color.

Seasonal Short Stories Dec 18 2022 This is a short story collection by E.M. McCarthy which covers seasonal topics. Most of these stories have been written from prompts, and span the comic, the serious, and the romantic elements of storytelling. **Single Season Sitcoms of the 1990s** Oct 04 2021 During the "Must See TV" 1990s, Americans enjoyed such immensely popular sitcoms as *Friends*, *Seinfeld*, *Home Improvement* and *The Drew Carey Show*. Shows that did not make the ratings cut numbered in the hundreds--the emergence of new networks and cable channels airing original programming resulted in a vast increase in short-lived sitcoms over the previous decade. Some of these "flops" were actually quite good and deserved a better fate. The author revisits them--along with the "dramedies" of the day--with detailed entries providing production and broadcast information, along with critical analyses, and recollections by cast and crew members. A subsection highlights sitcoms that returned for an abbreviated second season. Dozens of cast and crew photographs are included.

*Open Season* Sep 22 2020 Don't miss the Spectrum Originals series JOE PICKETT! The first novel in the thrilling series featuring Wyoming game warden Joe Pickett from #1 New York Times bestselling author C. J. Box. Joe Pickett is the new game warden in Twelve Sleep, Wyoming, a town where nearly everyone hunts and the game warden—especially one like Joe who won't take bribes or look the other way—is far from popular. When he finds a local hunting outfitter dead, splayed out on the woodpile behind his state-owned home, he takes it personally. There had to be a reason that the outfitter, with whom he's had run-ins before, chose his backyard, his woodpile to die in. Even after the "outfitter murders," as they have been dubbed by the local press after the discovery of the two more bodies, are solved, Joe continues to investigate, uneasy with the easy explanation offered by the local police. As Joe digs deeper into the murders, he soon discovers that the outfitter brought more than death to his backdoor: he brought Joe an endangered species, thought to be extinct, which is now living in his woodpile. But if word of the existence of this endangered species gets out, it will destroy any chance of InterWest, a multi-national natural gas company, building an oil pipeline that would bring the company billions of dollars across Wyoming, through the mountains and forests of Twelve Sleep. The closer Joe comes to the truth behind the outfitter murders, the endangered species and InterWest, the closer he comes to losing everything he holds dear.

*Tis the Season: Short Reads* Aug 22 2020 Call me childish, but I love all the nonsense - the snow, the trees, the tinsel, the turkey. I love presents. I love carols and cheesy songs. I just love Christmas™. It would be a dream come true to be able to celebrate Christmas properly: to wake up to a Stocking™, visit Santa™ and open Presents™ around the Christmas Tree™. But this is a luxury reserved for those with shares in YuleCo - controllers of this joyful season - who don't agree that it's a holiday for one and all. In this short story, China Miéville's astonishing imagination allows us a glimpse of how a dystopian Christmas might be.

**Seasonal Work** Jul 13 2022 In a suspenseful collection of stories featuring fierce women—including one never-before-published novella—New York Times bestseller Laura Lippman showcases why she is one of today's top crime writers. The award-winning master of psychological suspense is in top form in this collection of diverse and diabolically clever stories. In the never-before-published “Just One More,” a married couple—longing for that old romantic spark—creates a playful diversion that comes with unexpected consequences. Lippman's beloved Baltimore PI Tess Monaghan keeps a watchful eye on a criminally resourceful single father in “Seasonal Work,” while her mother, Judith, realizes that the life of “The Everyday Housewife” is an excellent cover for all kinds of secrets. In “Slow Burner,” a husband's secret cell phone proves to be a dicey temptation for a suspicious wife. A father's hidden past piques the curiosity of a young snoop in “The Last of Sheila-Locke Holmes.” Plus seven other brilliantly crafted stories of deception, murder, dangerous games, and love gone wrong—irrefutable evidence that Laura Lippman's riveting fiction will more than satisfy any crime reader.

**The Italian Model of Management** Jan 07 2022 This book is an essential resource for facilitators seeking to help students develop their knowledge of management practice in Italy. It presents a collection of the best case studies and accompanying teaching notes from the Italian Association for Management Development (ASFOR) competition in 2014. The cases are written by teachers across many of the members of ASFOR in Italy, leading business schools, corporate universities and academia. Knowledge gained by professionals often remains implicit and is rarely shared. By grouping together the award-winning case studies in this volume, readers can gain an important insight into how management is conducted in Italy. This collection shines a light on management practices across several industries. The Italian economy differs from others in that it is one in which small and family-run businesses dominate, and the relationship between the private sector and public life is unique. As a result, *The Italian Model of Management* provides the opportunity for students to enlarge the Anglo-Saxon model and perspective of management, and to offer cross-cultural learning experiences, based on the distinction of a "Made in Italy" competitive advantage. Each case provides an engaging story, plots the strategic development of the organization in question, and is supported by online teaching guidance and teaching notes.

**The Second Season of Growth** Apr 10 2022 Advice given when buying plants or trees is "Don't expect any blooms the first year. Fruit trees may require three years." I planted a slim brown stick in my yard and got nothing the first year except a thin brown stick with a few leaves on it. During its second season of growth and beyond, that brown stick grew to 7 inches in diameter and now produces wondrous 20 foot pink clouds each spring. In an ideal world we learn lessons the first time around. So often, as with daffodils and cherry trees, we need more time to get it. Winter, incendiary summer, a few storms, and unexpected late frost toughen us, giving us confidence to face whatever life has for us. We can then bloom where we are planted. We often don't have choices about challenges life gives us, but we have free-will in deciding how to respond to them. We can embrace the One who gives Wisdom to live life abundantly. May these vignettes inspire you to find pearls of learning and wisdom to be harvested from the depths of your own life.

Seasonal Suicide Notes Mar 29 2021 For some years, the biographer Roger Lewis has been entertaining his friends with a letter at Christmas, in which he records details of the joys and frustrations of his life as it is actually lived. This book is a hilarious collection of these diaries and memoirs.

**Down The Path Of Life** Dec 26 2020 Continuing the journey "Down The Path Of Life," J. A. Irvin shares more heartfelt poems and historical fiction short stories in "Season's Spring." While some paths are chosen for individuals, others are chosen by them, and these writings capture a balance of both. This book records moments of sadness and gladness, of growing and learning, and of contemplating the struggles and tranquil times that a young adult life compels. Time seasoned the writer, and many paths were taken in the process of this manuscript. Yet, instead of letting the years fly away, J. A. Irvin continued to humor his passion for writing through scratching down poems and typing up short stories in his spare moments. The "William and Boonesborough" series is revived once again in the beginning of these short stories and provides a little history on William. Sometimes what someone imagines to be is not always what it seems, and one short stories reveals what could happen if the imaginations is allowed to run away. Breaking away from the traditional male role, the feelings and desires of an Israeli girl are expressed as she struggles through an internal battle. These among many other short stories fill the pages of this book.

Finding Life in the Last Season Apr 17 2020 FINDING LIFE IN THE LAST SEASON Encouragement for the Aged and Those Who Care for Them This collection of short stories and devotions address the pain and loss of end-of-life issues in a straightforward but encouraging way. With the youngest of the "baby boomers" now approaching the age of 50, the numbers of those caring for an aging loved one are growing at a staggering rate. With that grows the need for both to be understood, and to understand, this last season of life. While there is little material available to address these spiritual and emotional needs, God's word is most clear on the esteem He places on the elderly. With that in mind, *Finding Life in the Last Season* was written to speak to the needs of this swiftly growing audience, and to impact the mission field of the elderly living in care facilities. This collection of devotions and short stories were written and shared in care facility outreaches for the aged, sick and dying over a decade of ministry, and have encouraged thousands with the truth that God's love is constant in changing circumstances; and that through Christ, there is life... even in the last season. DIANE DOERING has been a Bible teacher, retreat speaker, radio host, worship leader and is a Licensed Minister. Born and raised in the Chicago area, Diane has lived in Omaha, Nebraska since 1987. Diane and her husband, Bob, have been married for 23 years. They have two children; Matt, age 18 and Cassie, age 14. Diane and Bob Doering are the Directors of Threefold Cord Ministries, a ministry to the poor, the orphan and the widow; which ministers the gospel to the aged and dying in care facilities, and raises support for orphaned children in impoverished countries ([www.threefoldcord.org](http://www.threefoldcord.org)). Threefold Cord Ministries was founded by Diane and Bob Doering in 2000 and they serve this work fulltime as a missionary family. This ministry is operated free from debt, with integrity, and with the sole purpose of reaching the poor, the orphan and the widow with the gospel of Jesus Christ.

**From Scratch** Feb 14 2020 Now a limited Netflix series starring Zoe Saldana! This Reese Witherspoon Book Club Pick and New York Times bestseller is "a captivating story of love lost and found" (Kirkus Reviews) set in the lush Sicilian countryside, where one woman discovers the healing powers of food, family, and unexpected grace in her darkest hours. It was love at first sight when actress Tembi met professional chef, Saro, on a street in Florence. There was just one problem: Saro's traditional Sicilian family did not approve of his marrying a black American woman. However, the couple, heartbroken but undeterred, forged on. They built a happy life in Los Angeles, with fulfilling careers, deep friendships, and the love of their lives: a baby girl they adopted at birth. Eventually, they reconciled with Saro's family just as he faced a formidable cancer that would consume all their dreams. *From Scratch* chronicles three summers Tembi spends in Sicily with her daughter, Zoela, as she begins to piece together a life without her husband in his tiny hometown hamlet of farmers. Where once Tembi was estranged from Saro's family, now she finds solace and nourishment—literally and spiritually—at her mother-in-law's table. In the Sicilian countryside, she discovers the healing gifts of simple fresh food, the embrace of a close knit community, and timeless traditions and wisdom that light a path forward. All along the way she reflects on her and Saro's romance—an incredible love story that leaps off the pages. In Sicily, it is said that every story begins with a marriage or a death—in Tembi Locke's case, it is both. "Locke's raw and heartfelt memoir will uplift readers suffering from the loss of their own loved ones" (Publishers Weekly), but her story is also about love, finding a home, and chasing flavor as an act of remembrance. *From Scratch* is for anyone who has dared to reach for big love, fought for what mattered most, and those who needed a powerful reminder that life is...delicious.
