Left with the choice of being the evening snack of a tornado or taking shelter with the bounty hunter, she does what she does best: she lives on the edge. Striking a bargain with the handsome bounty hunter buys her another day of life, but it also dumps her into the heart of a sinister plot, one meant to enslave the residents of the storm-tossed city—and the others brave and foolish enough to call the Alley home. Against the backdrop of World War II tragedy and devastation in Latvia, Poland and Germany and three decades of European history, this true narrative provides a window into the palpating heart of wartime upheaval through the lives of Rolf Dutzmann and Lilo Wassull-two people fatefully positioned "on the other side." In December of 1939, swept along on a tide of dire necessity and circumstance due to the imminent Soviet takeover of his homeland, Rolf, a young Latvian aeronautical engineering student, flees with his family to Germany, a country fully under Hitler's control and already engaged in a brutal war. While the account chronicles Rolf's pursuit of his technical dream against daunting wartime odds, it is first and foremost a poignant love story that plays out against a panorama of worldwide chaos and destruction. It is also a story of the seen and unseen forces that coalesce to keep Rolf and Lilo alive after they meet in 1940 Berlin, leading them through a chain of cataclysmic events including Rolf's draft into the Luftwaffe and his father's assignment as chief inspector of V-2 rocket production; the bombing of Berlin; the destruction of their homes; their numerous desperate, cross-country escapes

from the bombing, the advancing Soviet troops from the east, and other Allied forces from the west; the POW camp hardships; and the deprivation of the postwar years. Despite the immeasurable evil, suffering and desolation of World War II, a synchronistic chain of events provides an uplifting reminder that love and hope may take wing even out of the ashes of life's most terrifying adversities. David Carrier's commentary reveals the complexity that lies beyond the surfaces of these highly personal narratives, and demonstrates how the concerns of the aesthete relate closely to those of philosophy, psychoanalytic theory and sociology."--BOOK JACKET. (Booklist) Georgia Waltz has things many people only dream of: a plush Manhattan apartment overlooking Central Park, a Hamptons beach house, valuable jewels and art, two bright daughters, and a husband she adores, even after decades of marriage. It's only when Ben suddenly drops dead from a massive coronary while training for the New York City Marathon that Georgia discovers her husband—a successful lawyer—has left them nearly penniless. Their wonderland was built on lies. As the family attorney scours emptied bank accounts, Georgia must not only look for a way to support her family, she needs to face the revelation that Ben was not the perfect husband he appeared to be, just as her daughters—now ensconced back at home with secrets of their own—have to accept that they may not be returning to their lives in Paris and at Stanford subsidized by the Bank of Mom and Dad. As she uncovers hidden resilience, Georgia's sudden midlife shift forces her to consider who she is and what she truly values. That Georgia may also find new love in the land of Spanx and stretch marks surprises everyone—most of all, her. Sally Koslow's fourth novel is deftly told through the alternating viewpoints of her

remarkable female protagonists as they plumb for the grit required to reinvent their lives. Inspiring, funny, and deeply satisfying, *The Widow Waltz* explores in a profound way the bonds between mothers and daughters, belligerent siblings, skittish lovers, and bitter rivals as they discover the power of forgiveness, and healing, all while asking, "What is family, really?"

Chinese Cyberspaces provides multidisciplinary perspectives on recent developments and the consequences of internet expansion in China. Including first-hand research and case studies, the contributors examine the social, political, cultural and economic impact of the internet in China. The book

investigates the political implications of China's internet development as well as the effect on China's information policy and overall political stability. The contributors show how although the digital divide has developed along typical lines of gender, urban versus rural, and income, it has also been greatly influenced by the Communist Party's attempts to exert efficient control. This topical and interesting text gives a compelling overview of the current situation regarding the Chinese internet development in China, while clearly signalling potential future trends. Many of these emerge as "anti-truth claims" and slogans we are all familiar with: • Why not just look out for yourself? • Do what you want--just as long as you don't hurt anyone • Miracles violate the laws of nature • Aren't people born gay? Paul Copan has been answering questions like these for many years. In When God Goes to Starbucks, he offers readers solid and caring Christian responses to these and many other concerns that are being discussed in Starbucks, shopping malls, youth groups, and schools. Each chapter provides succinct answers and points for countering the cultural questions believers are faced with today. Travis King is the worst kind of asshole. He taunts me for being a good girl and mocks my high standards. He's cruel, crass, and has enough confidence to last two lifetimes. And I hate him. It wouldn't matter so much if he were avoidable. But considering he's my older brother's best friend and roommate, I see him more than I'd ever want to. His sculpted abs and gorgeous eyes are wasted on such an arrogant man, which makes me hate him even more. Even though I've had a crush on him since I was ten, the feelings

weren't mutual and he's always made that very clear. He's always loved getting under my skin and one night against my better judgment, I let him in my bed. I've succumbed to his manwhore ways, but that doesn't change a thing. Because the King is about to get played at his own game-and lose. Checkmate. Women in American Politics is a new reference detailing the milestones and trends in women's political participation in the United States. This two-volume work provides much needed perspective and background on the events and situations that have surrounded women's political activities. It offers insightful analysis on women's political achievements in the United States, including such topics as the campaign to secure nation-wide suffrage; pioneer women state officeholders; women first elected to U.S. Congress, governorships, mayoralities, and other offices; and women first appointed as Cabinet officials, judges, and ambassadors. It also includes profiles of the women who have run for vice president and president. Women in American Politics is organized in a framework both logical and useful to readers and researchers. Original material offers students, scholars, teachers, and other professionals a guide to understanding the complex struggle in women's progress toward achieving political parity with men in the United States. Each chapter is structured in three parts: - part one features graphic information-tables, lists, charts, or maps-detailing the historical record with data not compiled anywhere else, on women officeholders. - part two offers insightful narrative analysis describing how women achieved what they did, examines the complex and sometimes contradictory trends behind the facts of women's political milestones, and explores how social and economic contexts affected the progress of their accomplishments. - part three

presents biographical entries describing in more personal terms women's struggle for political equality. Sidebars in each chapter illuminate the drama of political life and consider the evolving female electorate, exploring how women voters have impacted particular issues, specific elections, or other key turning points, and the tradition of appointing widows to open seats. The final chapter uniquely looks at women's political history and differences in achievement from a state and regional perspective. Entries on each state (as well as on District of Columbia and Puerto Rico) highlight milestones and provide insight into the unique aspects of each state. It took all of thirty seconds for two shots to bring the world of Margaret Tabaaha crashing down around her. After losing her husband in Afghanistan during the first year of Operation Enduring Freedom, her two sons were all she had left. Now they had been taken from her violently, deliberately, plunging her into a whiskey bottle and stripping away her reason for living. When Arthur Nakai receives a call from his first love, Margaret, her voice pleading for his help, it comes as he is attending a wake for one of the men he considered a brother from his days in the Marines 6th LAR Wolf Pack Battalion. Feeling a deep and responsible obligation to help her, Arthur soon finds himself involved in the multi-billion-dollar world of the oil and gas industry and coming face-to-face with an old adversary, Elias Dayton. Their paths had crossed when Arthur was a member of the Shadow Wolves, an elite tactical unit within US Customs and Border Protection. Now Dayton runs Patriot Security, a Blackwater-type firm that keeps the oil rigs, gas wells, and man camps secure from the Water Protectors, protesters pushing to stop the fracking and poisoning of Native lands. As Arthur works through the case from his end, Navajo police chief Jake Bilagody tackles it from another

angle, looking into the strained relationship between the oil company and the Navajo people, all while searching for a missing Navajo man that may have become an unwilling piece on the reservation checkerboard. But when Arthur learns the identity of the boys' killer, he struggles to make sense of it. Because if the clues are right, he will be forced to make a decision that will haunt him for the rest of his life. To love a Dark One is to invite death... It is wrong to love her. How can I win her when my human emotions overtake every ounce of logic I possess? A darkness is brewing. One I cannot stop as a human. Left behind in the wake of a very public disaster, and horrified by the ways in which she has failed to heed her own advice, Grace must dismantle one life and create another for herself and her child. Published previously under the title You Should Have Known To Mr. Tate Howard, You are quite possibly the most infuriating, annoying and grumpy man I've ever met in my life. I know you think that you're God's gift to women, but I have a secret to let you in on: you're not. You're God's gift to yourself. Get over your wanna-be cool surfer self and grow up. I thought it was time that someone addressed your big head and told you straight to your face that you're not all that. Just because you have an Ivy league education doesn't mean you're the smartest man in the world. In fact, I'm not even sure if you would have gotten in if you didn't have rich parents. Yes, I went there. Every woman doesn't want to sleep with you and I'm sure you're not even good in bed. And I'm someone that would know. From, Your Secret Not Admirer Pop Quiz: You just banged a rock star you vowed to loathe until the end of time. What's next? Hint: You don't agree to be his fake girlfriend. Fast forward thirteen years and I find myself in his bed, riding him like the last stud at the sex rodeo... Needless to say, mistakes have been made... But as a chef, I turn food flops around all the time. I can turn this around, too. All I have to do is ignore the insufferably gorgeous (and generally insufferable) Cutter until he goes on tour. Too bad my nemesis has other plans. Cutter wants my help winning back the one who got away and he knows just the bait to dangle—the chance to open my own restaurant in a dream

location. I can pull off pretending to be the devil's devoted girlfriend in order to make my dreams come true. Right? But what happens when my dreams start to include the clever, funny, unexpectedly sweet man Cutter has become?
