*An Owner's Manual for Consciously Evolving Your Consciousness Oct 02 2020 This Owner's Manual provides you with detailed ways to Consciously Evolve Your Consciousness while addressing other important related issues: The Brain and How to Use It, The Law of Giving and Receiving, How to Meditate, How to Chant Nam Myoho Renge Kyo, Wishing People a Happy Life, The Probability of Being Born, Spiritual Philosophy, Neuroscience and Neurogenesis (how to grow new stem cells), Evolution of the Subconscious Mind. By the time you read this Owner's Manual, you will be on your way to evolving your own consciousness. Included with this Owner's Manual is the novel Romancing the Absurd, a story of redemption*

for two of the characters who dabble in consciously evolving their consciousness. When financial investigator Tony T. Trueblé is hired to interview key players in a major lawsuit against a venture capitalist group, his world is turned upside down as he is dragged through a seedy underworld of corruption, dishonesty, and murder. He must not only get the job done but do so without giving into his insatiable cravings for vodka, weed, and casual, meaningless sex. Sensational, satirical, and sometimes absurd, *Romancing the Absurd* is a literary murder mystery full of intrigue, suspense, philosophy, and absurdist cutthroat behavior. Nine people die under bizarre circumstances. A handful of people get screwed (in more ways than one). The story takes humorous and philosophical twists and turns, leaving you laughing at the murderous tactics some folks are willing to use to get ahead in this world. Throughout the story, there runs an undercurrent of reflection, hope, and redemption for Tony, who strives to right his wrongs, and Jim der Bacon, accused of murder yet able to focus on consciously evolving his own consciousness. For Tony, redemption comes through writing and his new awareness that one can consciously evolve their consciousness. *Romancing the Absurd* is the final result of Tony's studies, hard work, and shocking struggles with himself, others, and the universe at large. Based on real-life venture capitalists, businessmen, and lawyers, the story is structured using reinvented reality.

But, even before the plane touches-down her well-laid plans go dreadfully off-course. While still airborne, Raven finds a letter in her carry-on suitcase that her senile neighbor broke into her house to stash in her bag; the letter tells Raven to turn back, not to go to Europe, that an "evil agent of Hell" is looking for Raven and he will find her if she disregards the letter's message. But Raven does disregard the letter... Almost as soon as Raven steps foot onto Rome's streets, dark, seductive Andras starts showing up at nearly every site Raven visits; Raven finds herself drawn to Andras in a way she's never been drawn to anyone, while at the same time... he terrifies her. Then in comes Nicholas, an impossible-not-to-like Swedish guy, who is determined to keep Raven away from Andras... The two guys share a dark secret. Both are determined that Raven never learns the truth. She doesn't know who to trust, or if she should trust anyone. If Raven frees herself from the deception twined around her... the most horrifying secret she could uncover, might be her own... her past... who she really is...and how the forces of Hell plan to use her to destroy the future...

This book reclaims type as a way to talk about people's inner potential and the choices they make in order to honor it. Using everyday examples from popular culture—films, Star Trek, soap operas, comic strips—it describes the sixteen basic ways people come to terms with their gifts and values. In this book you will find tools to understand:*

- How your type reflects not only your current priorities, but your hidden potential*
- How unlived possibilities are trying to get your attention*
