Management, Thirteenth Edition vividly illustrates effective management theories by incorporating the perspectives of real-life managers. Through examples, cases, and hands-on exercises, students will see and experience management in action, helping them understand how the concepts they're learning actually work in today's dynamic business world"--From publisher's description. Robbins/Judge presents current, relevant research in a clear, reader-friendly writing style. Globally accepted and written by one of the most foremost authors in the field, this is a necessary read for all managers, human resource workers, and anyone needing to understand and improve their people skills. The author of Negotiating the Impossible "tackles our assumptions about business and life with humor, zest, and wisdom in this delightful fable" (Daniel H. Pink, New York Times-bestselling author). If you were a mouse trapped in a maze and someone kept moving the cheese, what would you do? In a world where most mice dutifully accept their circumstances, ask no questions, and keep chasing the cheese, Deepak Malhotra tells an inspiring story about three unique and adventurous mice—Max, Big, and Zed—who refuse to accept their reality as given. I Moved Your Cheese reveals what is possible when we finally discard long-held and widely accepted assumptions about how we should live our lives. After all, achieving extraordinary success, personal or professional, has always depended on the ability to challenge assumptions, reshape the environment, and play by a different set of rules—our own. But rejecting deeply ingrained beliefs is not easy. As Zed explains, "You see, Max, the problem is not that the mouse is in the maze, but that the maze is in the mouse." "Deepak Malhotra allows you to glimpse a world of your own making without the limits and barriers that others create." —Stephen R. Covey, New York Times-bestselling author of The 7 Habits of Highly Effective People "A magnificent story with a powerful message. As someone who has encouraged scores of professionals into breaking through the maze and defining their own pursuits, I find this to be a gem of a book." —Vinod Khosla, cofounder, former CEO and Chairman, Sun Microsystems, and founder, Khosla Ventures "This book's message is both profound and durable. Malhotra has left the maze, and so can we." —Foreword Reviews For undergraduate Principles of Management courses.REAL managers, REAL experiences With a renewed focus on skills and careers, the new edition of this bestselling text can help better prepare your students to enter the job market. Management, 14th Edition, Global Edition, vividly illustrates effective management theories by incorporating the perspectives of real-life managers. Through examples, cases, and hands-on exercises, students will see and experience management in action, helping them understand how the concepts they're learning actually work in today's dynamic business world. Also available with Pearson MyLab Management Pearson MyLab(tm) Management is an online homework, tutorial, and assessment program designed to work with this text to engage students and improve results. Instructors, contact your Pearson representative for more information. Over the past decade, management practice has gone through dramatic changes. Workforce diversity, downsizing, reengineering, total quality management, outsourcing, and rediscovering the importance of satisfying the customer, all has a significant impact on Human Resources. The new Sixth Edition of De Cenzo/Robbins' Human Resource Management features a current, real-world perspective that gives readers a crystal-clear picture of what today's HRM is really like. Emphasizing the application of theory, the Sixth Edition carefully integrates real examples with the most up-to-date information available. For undergraduate and graduate courses in Organizational Behavior. Help Students Better Understand Their Behavioral and Interpersonal Skills Long considered the standard for all organizational behavior textbooks, Organizational Behavior provides the research you want, in the language you can understand. This text continues its tradition of making current, relevant research come alive for readers. The Seventeenth Edition has been thoroughly updated to reflect the most recent research and business events within the field of organizational behavior worldwide, while maintaining its hallmark features-clear writing style, cutting-edge content, and intuitive pedagogy. There's a reason why Robbins's textbooks have educated millions of individuals and have been translated into twenty languages-and it's because of a commitment that provides the kind of engaging, cutting-edge material that helps readers understand and connect with organizational behavior. Also Available with MyManagementLabTM MyManagementLab is an online homework, tutorial, and assessment program designed to work with this text to engage students and improve results. If you would like to purchase both the physical text and MyManagementLab search for: 0134437861 / 9780134437866 Organizational Behavior Plus MyManagementLab with Pearson eText -- Access Card Package Package consists of: 013410398X / 9780134103983 Organizational Behavior 0134182189 / 9780134182186 MyManagementLab with Pearson eText--Access Card--for Organizational Behavior "Robbins's comic philosophical musings reveal a flamboyant genius."—People Still Life with Woodpecker is a sort of a love story that takes place inside a pack of Camel cigarettes. It reveals the purpose of the moon, explains the difference between criminals and outlaws, examines the conflict between social activism and romantic individualism, and paints a portrait of contemporary society that includes powerful Arabs, exiled royalty, and pregnant cheerleaders. It also deals with the problem of redheads. When Steve Long-Nguyen Robbins was growing up, his mother routinely told him, "Long, you walk on a path cleared by others, so it is your responsibility to clear the path for others." Her insightful guidance and self-sacrificing example are the forces that drive Robbins's corporate work around diversity and inclusion today. His goal is unwavering: to clear the path for others and recruit more "path makers" --to honor his mother and to make a better world for everyone. In What If?, Robbins provides twenty-six inspiring, lively, and sometimes deeply personal stories illustrating diversity and inclusion concepts. He offers insight and practical advice on how to reconcile unity with diversity and reframe our organizations for competitive advances. He adds tips and suggestions for putting keylearning into action in your organization, ending each chapter with questions, an activity, and an assignment to inspire you to be more open-minded and inclusive and to discover how the ideas presented in the book might apply to your daily life at work and at home. The newest addition to the highly regarded Robbins family of pathology references, Robbins Essential Pathology is a concise resource that covers the core knowledge needed for coursework and exams in an integrated, multimedia format designed for today's students. Ideal for use with an integrated medical curriculum, this easy-to-study multimedia package provides reliable Robbins content in a concentrated, highly efficient format, now fully integrated with interactive digital resources (cases, MCQs, images). Efficient, effective, and up to date, this new Robbins learning resource delivers the essential information you need to obtain a strong scientific foundation in pathology. The most concise Robbins text available, providing high-quality content and a case-based approach in a focused, multimedia learning package for coursework and exam preparation. Focuses on the core knowledge of disease mechanisms and essential clinical aspects that medical students need to know. Features more than 500 images and tables that illustrate key disorders and concepts. With a renewed focus on job-relevant skills, the newest edition of this bestselling text helps management and non-management students alike better prepare to enter the workforce. Management, 15th Edition, Global Edition, vividly illustrates effective management theories by incorporating the perspectives of real-life managers. Through examples, cases, and hands-on exercises, students will see and experience management in action--helping them develop the specific skills that employers are looking for and understand how the concepts they're learning about actually work in today's dynamic business world. One of the world's leading management experts distills today's most important management research into 64 principles. Robbins rips away the hype, fads, and cliches that keep managers from seeing reality, delivering no-holds barred advice for hiring, motivation, leadership, communication, performance evaluation, and more. @font-face { : "Times New Roman"; }@font-face { : "Verdana"; }p.MsoNormal, li.MsoNormal, div.MsoNormal { margin: 0in 0in 0.0001pt; }l2pt; Courier; }table.MsoNormalTable { : 10pt; "Times New Roman"; }div.Section1 { page: Section1; }ol { margin-bottom: 0in; }ul { margin-bottom: 0in; } Robbins/DeCenzo is a brief, paperback text that gives readers more depth and breadth with practical tools to practice their management skills than any other textbook. Either they're too complex and academic, or they rely primarily on opinion and anecdote, not tested evidence. The Truth About Managing People, Fourth Edition is radically different - and that's why it's so remarkably useful. Top management author Stephen P. Robbins has distilled thousands of research studies, meta-analyses, and Big Data investigations into a set of 63 proven, tested solutions for today's toughest management problems. Each solution is presented quickly and concisely, in just 2-3 pages, so you can absorb them fast, and use them immediately. You'll find proven, up-to-date truths for hiring the right people and building winning teams; designing high-productivity jobs and rewarding the right behaviors; managing diversity, change, conflict, turnover, and staff cuts; overcoming self-serving bias, groupthink, and digital distractions, and much more. Updated throughout, this edition contains nine all-new chapters, covering the crucial importance of people skills, building emotional intelligence, loyalty expectations, employee engagement and mentoring, managing face-to-face vs. virtual teams, overcoming the downsides of teams, handling unacceptable workplace behavior, promoting creativity and innovation, and more. This is simply today's best and most enduring thinking on being a great manager: a set of truths you can and will use, every single day. Robbins Management: The Essentials covers the concepts essential to management in the 21st century in a fresh, lively format that's perfectly suited to a typical university semester. The second edition features new and in-depth coverage of sustainability, ethics and corporate social responsibility and new case studies from local and international businesses. For courses in Principles of Management or Introduction to Management. Robbins and Coulter's best-selling text demonstrates the real-world applications of management concepts and makes management come alive by bringing real managers and students together. As it successfully integrates the various functions of management, the book establishes a dialogue with managers from a variety of fields. Students and professors alike will enjoy the chapter-opening "A Managers Dilemma" vignettes (which introduce students to real situations related to chapter concepts faced by real managers) and the chapter-ending "Real Managers Respond to Opening Dilemma" discussions that enable students to explore successful resolutions using concepts they learned in each chapter. One of the best-selling medical textbooks of all time, Robbins and Cotran Pathologic Basis of Disease is the one book that nearly all medical students purchase, and is also widely used by physicians worldwide. A "who's who" of pathology experts delivers the most dependable, current, and complete coverage of today's essential pathology knowledge. At the same time, masterful editing and a practical organization make mastering every concept remarkably easy. The result remains the ideal source for an optimal understanding of pathology. Offers the most authoritative and comprehensive, yet readable coverage available in any pathology textbook, making it ideal for USMLE or specialty board preparation as well as for course work. Delivers a state-of-the-art understanding of the pathologic basis of disease through completely updated coverage, including the latest cellular and molecular biology. Demonstrates every concept visually with over 1,600 full-color photomicrographs and conceptual diagrams - many revised for even better quality. Facilitates learning with an outstanding full-color, highly user-friendly design. For undergraduate Principles of Management courses. Management, 14th Edition vividly illustrates effective management theories by incorporating the perspectives of real-life managers. Through examples, cases, and hands-on exercises, students will see and experience management in action, helping them understand how the concepts they're learning actually work in today's dynamic business world. "This course and this book are about management and managers. Managers are one thing that all organizations--no matter the size, kind, or location--need. And there's no doubt that the world managers face has changed, is changing, and will continue to change. The dynamic nature of today's organizations means both rewards and challenges for the individuals who will be managing those organizations. Management is a dynamic subject, and a textbook on it should reflect those changes to help prepare you to manage under the current conditions. We've written this 14th edition of Management to provide you with the best possible understanding of what it means to be a manager confronting change and to best prepare you for that reality. But not every student aspires to a career in management. And even if you do, you may be five or ten years away from reaching a managerial position. So you might rightly feel that taking a course in management now may be getting ahead of the game. We hear you. In response to these concerns, we've added new material to this book that is important and relevant to everyone working in an organization--manager

and non-manager alike. Our "Workplace Confidential" pages identify, analyze, and offer suggestions for dealing with the major challenges that surveys indicate frustrate employees the most. You should find these pages valuable for helping you survive and thrive in your workplace. Surprisingly, this topic has rarely been addressed in business programs. Inclusion in an introductory management course appeared to us to be a logical place to introduce these challenges and to provide guidance in handling them"-- Whether the topic is understanding e-business, six sigma, workplace violence, knowledge workers, Internet job searches, or visionary leadership, Stephen Robbins and David DeCenzo cover it thoroughly and in a way that truly captures the issues facing managers in the twenty-first century. Its not enough just to know about managementyou have to possess the skills to match! With Robbins and DeCenzos new edition, youll learn so much about the real world of management, including: \*Why Amazon.com is revolutionizing the book-selling industry \*How SiloCaf, a coffee bean processing plant, uses sophisticated technologically-based controls to enhance productivity and ensure consistent quality in its work \*Why companies like London Fog are struggling to survive \*How teams at Hewlett-Packard redesigned a production process, cut waste, controlled costs, and increased productivity \*New techniques that can make a university more efficient and responsive to its students Creativity, the power of imagination, and the importance of self-expression are celebrated in this inspiring picture book written and illustrated by real-life best friends. This girl is determined to express herself! If she can't draw her dreams, she'll sculpt or build, carve or collage. If she can't do that, she'll turn her world into a canvas. And if everything around her is taken away, she'll sing, dance, and dream... Stunning mixed media illustrations, lyrical text, and a breathtaking gatefold conjure powerful magic in this heartfelt affirmation of art, imagination, and the resilience of the human spirit. ALERT: Before you purchase, check with your instructor or review your course syllabus to ensure that you select the correct ISBN. Several versions of Pearson's MyLab & Mastering products exist for each title, including customized versions for individual schools, and registrations are not transferable. In addition, you may need a CourseID, provided by your instructor, to register for and use Pearson's MyLab & Mastering products. Packages Access codes for Pearson's MyLab & Mastering products may not be included when purchasing or renting from companies other than Pearson; check with the seller before completing your purchase. Used or rental books If you rent or purchase a used book with an access code, the access code may have been redeemed previously and you may have to purchase a new access code. Access codes Access codes that are purchased from sellers other than Pearson carry a higher risk of being either the wrong ISBN or a previously redeemed code. Check with the seller prior to purchase. -- For one-semester undergraduate and graduate level courses in Organizational Behavior. Concise fundamentals for students.
