Now she and her ragtag band of companions must make one desperate final effort to stop the Master of Demons from using the scroll to call the Great Kami Dragon and make the wish that will plunge the empire into chaos. Shadow clan assassin Kage Tatsumi has regained control of his body and agreed to a true deal with the devil—the demon inside him, Hakaimono. They will share his body and work with Yumeko to stop a madman, and to separate Hakaimono from Tatsumi and the cursed sword that trapped the demon for nearly a millennium. But even with their combined skills and powers, this unlikely team of heroes knows the forces of evil may be impossible to overcome. And there is another player in the battle for the scroll, a player who has been watching, waiting for the right moment to pull strings that no one even realized existed... until now. Books in the Shadow of the Fox trilogy: Shadow of the Fox Soul of the Sword Night of the Dragon An international phenomenon now available in America for the first time, this quick, no-nonsense guide is all you need to get your child to sleep through the night (pillow not included). These days, most books on improving your child's sleep take either a tough-love approach (ignore crying) or a soothing strategy (offer continuous comfort). But now an internationally renowned sleep expert provides a middle-ground method that will have your child sleeping through the night at any age. Dr. Eduard Estivill's no-fail technique focuses on a mixture of authority, ritual, and reward. Parents can end negative cycles of resistance and wakefulness and feel as rested as their child will by following these expert tips: • Adopt a firm and confident attitude (your child will pick up on your mood). • Use meals as a cue to announce your child's next nap or nighttime sleep. • Incorporate appropriate elements (such as a stuffed animal or a pacifier) at bedtime so your child will not rely on you as a vital part of the sleep process. • Reinforce the contrast between light (day) and dark (night). • Never punish children by making them go to bed (it sends the wrong message about sleep time). • Learn what to say before—and after—the light is turned off. Complete with special techniques to use with newborns, plus an invaluable question-and-answer section that addresses specific concerns (children sleeping in their parents' bed, how divorced parents can work together, special-needs children), this sanity-saving guide promises sweet dreams for all. "A delicious, dark, adrenaline rush of a book. I'm already dying to see Charlie Hall's next con." - New York Times bestselling author, Alix E. Harrow #1 New York Times bestselling author Holly Black makes her stunning adult debut with Book of Night, a modern dark fantasy of betrayals, secret societies, and a dissolute thief of shadows, in the vein of Neil Gaiman and Erin Morgenstern. Charlie Hall has never found a lock she couldn't pick, a book she couldn't steal, or a bad decision she wouldn't make. She's spent half her life working for gloamists, magicians who manipulate shadows to peer into locked rooms, strangle people in their beds, or worse. Gloamists guard their secrets greedily, creating an underground economy of grimoires. And to rob their fellow magicians, they need Charlie Hall. Now, she's trying to distance herself from past mistakes, but getting out isn't easy. Bartending at a dive, she's still entirely too close to the corrupt underbelly of the Berkshires. Not to mention that her sister Posey is desperate for magic, and that Charlie's shadowless, and possibly soulless, boyfriend has been hiding things from her. When a terrible figure from her past returns, Charlie descends into a maelstrom of murder and lies. Determined to survive, she's up against a cast of doppelgangers, mercurial billionaires, gloamists, and the people she loves best in the world—all trying to steal a secret that will give them vast and terrible power. I came back to Mason Creek when my life was turned upside

down, both literally and figuratively. Scared and alone, I packed my belongings and left New York where I've made a career as a writer for a national publication to stay with my parents in the town so different than the big apple they might as well be on different planets. Getting to see my friends was a big plus, but meeting someone new never crossed my mind until a ruggedly handsome man in jeans and a worn baseball cap came over to say hello. Not knowing someone in this small town is like not knowing how to breathe. The slightly older man caught my eye, just as much as I caught his. A witty and roguish personality kept me on my toes, even if falling for someone new is the last thing I need. Neither of us wants a relationship, yet we keep finding each other in this small town. Rumors fly, hearts connect, and there's more at stake than either of us are willing to share. This man has secrets everyone wants to know, but when more than he's willing to share is revealed I hope I'm strong enough to help him. I may have come back to town to save myself, but saving him might be the real reason I'm here.

Ximena is the decoy Condesa, a stand-in for the last remaining Illustrian royal. Her people lost everything when the usurper, Atoc, used an ancient relic to summon ghosts and drive the Illustrians from La Ciudad. Now Ximena's motivated by her insatiable thirst for revenge, and her rare ability to spin thread from moonlight. When Atoc demands the real Condesa's hand in marriage, it's Ximena's duty to go in her stead. She relishes the chance, as Illustrian spies have reported that Atoc's no longer carrying his deadly relic. If Ximena can find it, she can return the true aristócrata to their rightful place. She hunts for the relic, using her weaving ability to hide messages in tapestries for the resistance. The twentieth-anniversary edition of Marion Blumenthal Lazan's acclaimed Holocaust memoir features new material by the author, a reading group guide, a map, and additional photographs. "The writing is direct, devastating, with no rhetoric or exploitation. The truth is in what's said and in what is left out."—ALA Booklist (starred review) Marion Blumenthal Lazan's unforgettable and acclaimed memoir recalls the devastating years that shaped her childhood. Following Hitler's rise to power, the Blumenthal family—father, mother, Marion, and her brother, Albert—were trapped in Nazi Germany. They managed eventually to get to Holland, but soon thereafter it was occupied by the Nazis. For the next six and a half years the Blumenthals were forced to live in refugee, transit, and prison camps, including Westerbork in Holland and Bergen-Belsen in Germany, before finally making it to the United States. Their story is one of horror and hardship, but it is also a story of courage, hope, and the will to survive. *Four Perfect Pebbles* features forty archival photographs, including several new to this edition, an epilogue, a bibliography, a map, a reading group guide, an index, and a new afterword by the author. New Woman By the author of *Rosemary's Baby*, a horrifying journey into a future only Ira Levin could imagine. Considered one of the great dystopian novels—alongside Anthony Burgess's *A Clockwork Orange* and Aldous Huxley's *Brave New World*—Ira Levin's frightening glimpse into the future continues to fascinate readers even forty years after publication. The story is set in a seemingly perfect global society. Uniformity is the defining feature; there is only one language and all ethnic groups have been eugenically merged into one race called "The Family." The world is ruled by a central computer called UniComp that has been programmed to keep every single human on the surface of the earth in check. People are continually drugged by means of regular injections so that they can never realize their potential as human beings, but will remain satisfied and cooperative. They are told where to live, when to eat, whom to marry, when to reproduce. even the basic facts of nature are subject to the UniComp's will—men do not grow facial hair, women do not develop breasts, and it only rains at night. With a vision as frightening as any in the history of the science fiction genre, *This Perfect Day* is one of Ira Levin's most haunting novels.
