"Is my baby in heaven?" This is the most important question a grieving parent can ask. And even if the little one is someone else's child, the issue remains: What happens to children?those unborn, stillborn, or youngsters?when they die? Can you hope to see them again? Can you let go of your fear and guilt? Can God's love soothe a wound so jagged? With scriptural authority and the warmth of a pastor's heart, bestselling author John MacArthur examines the breadth of the entire Bible and reveals in this compelling book the Heavenly Father's care for every life. "I have sat by the grave of our daughter and son and wondered out loud if my belief that Hope and Gabriel are in heaven has any solid scriptural support. John MacArthur offers truth from God's Word that puts the doubts of any grieving parent to rest. Safe in the Arms of God reveals that confidence of heaven for the child you love is based on much more than mere sentimentality; it is revealed in the Word of God and reflective of the very heart of God." ?Nancy Guthrie, author of

Following a trail of cryptic clues, Nat's journeys to Germany, where he soon crosses paths with Berta, a gorgeous and mysterious student and Kurt Bauer, an arms billionaire with a dark past. Armor and weaponry were central to Islamic culture not only as a means of conquest and the spread of the faith, but also as symbols of status, wealth, and power. The finest arms were made by master craftsmen working with the leading designers, goldsmiths, and jewelers, whose work transformed utilitarian military equipment into courtly works of art. This book reveals the diversity and artistic quality of one of the most important and encyclopedic collections of its kind in the West. The Metropolitan Museum's holdings span ten centuries and include representative pieces from almost every Islamic culture from Spain to the Caucasus. The collection includes rare early works, among them the oldest documented Islamic sword, and is rich in helmets and body armor, decorated with calligraphy and arabesques, that were worn in Iran and Anatolia in the late fifteenth century. Other masterpieces include a jeweled short sword (yatagan) with a blade of "watered" steel that comes from the court of Süleyman the Magnificent, a seventeenth-century gold-inlaid armor associated with Shah Jahan, and two gold-inlaid flintlock firearms belonging to the guard of Tipu Sultan of Mysore. Presenting 126 objects, each handsomely photographed and richly documented with a detailed description and discussion of its technical, historical, and artistic importance, this overview of the Met's holdings is supplemented by an introductory essay on the formation of the collection, and appendixes on iconography and on Turkman-style armor.

In the Arms of Grace is the powerful story of a modern woman warrior and her battle for physical, emotional and spiritual victory. As a Vietnamese and an American, she provides a link between the two nations through her life experiences. From her days as an orphan in Vietnam, when she sang and danced for American G.I.s, to her "ideal" life of having it all in the United States, LeChristine Hai constantly searched for love, security and

belonging. Her "rags to riches" story shows the underside of the "American Dream." Enduring years of emotional and sexual abuse at the hands of her adoptive American father, LeChristine ultimately refuses to be a victim and transforms her life. She takes charge of her own life and becomes a successful business woman, only to discover that she still must confront the pain of abandonment in order to find true peace. When LeChristine Hai's soul search leads her to a reunion with her lost and found Vietnamese mother and sister, she comes full circle and learns how to heal the personal wars within. As she embraces her authentic self, she also opens her heart and life to reveal the healing power of love and courage. This book is based on the Academy Award winning feature documentary by the same name. This is the story of Jewish parents who send their children to Britain to save them from the Hitler regime Assurance, confidence, and comfort in the most difficult time you will ever encounter. How can we deal with death and dying? Is there any positive message or support when we are told that our own condition, or that of our closest loved one, is terminal? In language we all can understand, Candy Kinser illuminates the process that carries one from this life into the next. Her knowledge and experience in hospice care open the soul to hope and joy even in times like these. The South African 'Arms Deal' was never a single event. Rather it was, and still is, a series of scandals and outrages, all contributing towards a dubious momentum that takes South Africa further away from transparent democratic practice. The Devil in the Detail, written by two of South Africa's leading researchers on the subject, takes the reader on a journey of insight. Witness at close hand the breaking open of State secrets, with tales of outrageous personal enrichment. Explore how the Arms Deal emerged out of the criminal networks of both the old SADF and the ANC's security apparatus, raising questions as to whether South Africa's remarkable transition was not oiled, at key points, by criminal intent and collusion. Follow the trail of the various offset deals done after the Arms Deal - cumulatively worth just as much as - and discover that corruption continues to impact on defence spending in South Africa. Examine the economics and witness how the Arms Deal was not only economically irrational, but virtually suicidal, almost single-handedly derailing the post-apartheid economic project. Finally, read about the rise of the 'shadow state', the politicisation of prosecutions, and the rise of the 'spooks'. The remarkable conclusion of this landmark study is that years after the deal took place, the forces that drove its decisions have only grown

in strength, further blighting South Africa's prospects for a future in which all may have a share. In 1970 cabinet ministers, Neil Blaney and Charles Haughey, were dismissed by the Taoiseach, for allegedly using government money to import arms for the fledgling IRA. This book charts the linkages between the struggle for power within the Fianna Fail cabinet and events on the streets of Ulster. It's all fun and games until someone falls in love... Independent heiress Louisa Stratton is going home to Rosemont for the holidays and, at the family's request, she's bringing her new husband Maximillian Norwich, art connoisseur and artful lover, the man she's written of so glowingly. There's one hitch—he doesn't exist. Louisa needs a fake husband, and fast, to make the proper impression. Charles Cooper, captain of the Boer War and with a background far from silver spoons or gilded cages, is so hard up that even Louisa's crazy scheme appeals to him. It's only thirty days, not till death do them part. What's so difficult about impersonating a husband, even if he doesn't know a Rembrandt from a Rousseau? The real difficulty is keeping his hands off Louisa once there's nobody around to see through their ruse. And then there's the small problem of someone at Rosemont trying to kill him. Keeping his wits about him and defending Louisa brings out the honor he thought he'd left on the battlefield. But when Louisa tries to protect him, Charles knows he's found a way to face his future—in the arms of his heiress. Break the rich boys. It's tricky, but doable. Jerks like them don't deserve to rule Burberry Prep. No, Tristan, Zayd, and Creed are going to pay, and I plan to make an example of them. Then there's Zack, the varsity football d*ck. Oh, and did I mention a prince just transferred to the academy? Whatever will I do with those two? Revenge is wicked sweet; I can't wait for a taste.*Defend ourselves against the charity case. When Law makes the decision to spare Raquel's life, he does so with one stipulation: making sure the last place she thinks of going is to the police. Writing with a father's tenderness and a Bible scholar's knowledge, Dr. Lightner explains God's provision for children who die. Sometimes it takes a stranger to see you as you really are. He wants her to have the love of a good man, to raise children, to build a life. But Margaret gave up such dreams years ago. She's convinced no man would have her, that the ranch is her life now. So when Margaret's father hires Daniel Cutler as a new foreman, she's frustrated and suspicious. Then an overheard conversation links him with a gang of bank robbers, and she's downright worried. Daniel swears he's not involved, but Margaret's not convinced. She knows the man still has secrets. But would a criminal be so kind and talk so convincingly of his faith? As a series of tragic "accidents" threatens all she holds dear, Margaret must decide what to trust: her own ears, her best judgment . . . or what her heart keeps telling her. work. It is an enchanting volume of classic Eastern thought that creates an exhilarating experience for all readers. Many times in my adult life, I have had what I would call an "awake out-of-body experience." During these times, I was peeking in at my life in a dream state; thinking this cannot be my life. I found myself asking the questions of what happened to the child who outsmarted the world and what happened to the teen who had all the answers and confidence to boot, and the young adult who never settled for can't. Well, somewhere along the way, the only thing left of who I was once was, were just shreds of an almost non-existent life. Now, don't get me wrong, there were some good times along the way, but it certainly was not always smooth sailing. But what came later in life was no comparison to the early years. Not that long ago, my life was filled with disappointment, brokenness, worry, anxiety, and fear. I survived breakups and breakdowns, sadness and pain, grief and loss beyond description, all of which led to a one-way ticket to Depression Central. Getting off the road to depression was very difficult for me, but there is no job too hard for God. If you can relate to the paralyzing despair that I went through, then please know that I fellowship with you and understand the grip depression and anxiety can have on your life. However, I want you to know that your destination does not have to be a one-way ticket to the land of despair, instead, your journey can bring you to a place of joy and peace if you simply trust and believe in God.
