This journal records the Civil War experiences of a sensitive, well-educated, young southern woman. Kate Stone was twenty when the war began, living with her widowed mother, five brothers, and younger sister at Brokenburn, their plantation home in northeastern Louisiana. When Grant moved against Vicksburg, the family fled before the invading armies, eventually found refuge in Texas, and finally returned to a devastated home. Kate began her journal in May, 1861, and made regular entries up to November, 1865. She included briefer sketches in 1867 and 1868. In chronicling her everyday activities, Kate reveals much about a way of life that is no more: books read, plantation management and crops, maintaining slaves in the antebellum period, the attitude and conduct of slaves during the war, the fate of refugees, and civilian morale. Without pretense and with almost photographic clarity, she portrays the South during its darkest hours. She's lost in the past. He's a powerful Scottish warrior. Can star-crossed love find a future between the ages? Search-and-rescue officer Amy MacDougall fears being trapped - both in small, dark places and in a relationship. But

while chaperoning a high school trip to Scotland, she's forced to confront her claustrophobia to save a student in a castle dungeon. And when a magical rock in the ruins catapults her through time to 1307 AD, she's alarmed to come face-to-face with a handsome Scottish warrior. Highlander Craig Cambel refuses to trust anyone after the MacDougall clan kidnapped and assaulted his sister. So when he discovers a beautiful woman in a secret tunnel in the stronghold he's infiltrating, he locks her up to prevent her from warning the enemy. But when she proves helpful to his people despite being a MacDougall, he can't stop his icy mistrust melting into desire. As Amy searches for a way back home, she finds her phobia of commitment fading and falls for the brave Scot. But when Craig learns the mysterious woman isn't who he thought she was, all his dark doubts reignite. Will the distance of centuries shatter their hearts forever, or will they give in to destiny and build a happy future? In a broken, barren California, Cass will undergo a harrowing quest to get Ruthie back. Few people trust an outsider—much less one who bears the telltale scars of a Beater attack—but she finds safety with an enigmatic outlaw, Smoke. Now, at thirty-two, she's about to be paroled, having served twenty-two months of a four-year sentence. Her father wants to be sure Reba stays straight, stays home and away from the drugs, the booze, and the gamblers... color throughout the history of the medium, assessing not only the theoretical implications of color on the screen, but also the ways in which developments in cinematographic technologies transformed the aesthetics of color and the nature of film archiving and restoration. *Color and the Moving Image* includes new writing on key directors whose work is already associated with color—such as Hitchcock, Jarman and Sirk—as well as others whose use of color has not yet been explored in such detail—including Eric Rohmer and the Coen Brothers. This volume is an excellent resource for a variety of film studies courses and the global film archiving community at large.

In 1314, when Scotland's rule was in jeopardy and the British were about to take more than they should, he chose a side -- and then he saw her, and nothing would ever be the same for the prince ever again ...

FBI Special Agent Duncan McGuire spends his days—and his nights—tracking real-life monsters. Most humans aren't aware of the vampires and werewolves that walk among them. They don't realize the danger that they face, but Duncan knows about the horror that waits in the darkness. He hunts the monsters, and he protects the innocent. Duncan just never expects to become a monster. But after a brutal werewolf attack, Duncan begins to change...and soon he will be one of the very beasts that he has hunted. Dr. Holly Young is supposed to help Duncan during his transition. It's her job to keep him sane so that Duncan can continue working with the FBI's Para Unit. But as Duncan's beast grows stronger, the passion that she and Duncan have held carefully in check pushes to the surface. The desire that is raging between them could be a very dangerous thing...because Holly isn't exactly human, not any longer.

But as they give up more of their humanity and embrace the beasts within them both, they realize that the passion between them isn't safe, it isn't controllable, and their dark need may just be an obsession that could destroy them both.

This book is an elaborate study of the interrelationships between film historical discourse and archival practices, such as the collecting, restoration and exhibition of films. It delineates how film historiographical discourses always leave traces in the film archive, and vice versa. The book investigates and analyzes the history of three important collections from the archive of EYE Film Museum: the Uitkijk-collection, the Desmet-collection, and Dutch silent films. The histories of these collections have different connections to film historiography, and as such allow us to investigate these interrelationships from various perspectives. It shows how archival films and collections always carry the historical traces of selection policies, restoration philosophies, and exhibition strategies. As such the book aims to demonstrate how film archives cannot be innocent or neutral sources of film history. In addition, it shows that current EYE Film Museum activities semi-automatically refer to this history of which the archive carries the material traces. Katrina Whittaker. In this thrilling sequel, Gemma continues to pursue her destiny to bind the magic of the Realms and restore it to the Order. Gemma and her friends from Spence use magical power to transport themselves on visits from their corseted world of Victorian London (at the height of the Christmas season), to the visionary country of the Realms, with its strange beauty and menace. After these visits they bring back magical power for a short time to use in their own world. Meanwhile, Gemma is torn between her attraction to the exotic Kartik, the messenger from the opposing forces of the Rakshana, and the handsome but clueless Simon, a young man of good family who is courting her. This is the second book in Libba Bray's engrossing trilogy, set in a time of strict morality and barely repressed sensuality, about a girl who saw another way. When love seems impossible... She is on the verge of losing everything... To save her home and keep her two younger siblings safe, Louisa Evans must turn to the head of the family that ruined hers. He needs an heir... The Marquess of Overlea is starting to show signs of having inherited the same illness that killed his father and older brother. But he waits until after they are married to tell his wife that he intends to have another

man father that heir. His careful plan becomes complicated by an almost desperate need to claim Louisa for himself and an outside threat that proves even more dangerous than his illness. **LOVING THE MARQUESS** is book 1 in the Landing a Lord series.
