Following the disastrous Java Sea campaign, the Allies went on the offensive in the Pacific in a desperate attempt to halt the Japanese forces that were rampaging across the region. With the conquest of Australia a very real possibility, the stakes were high. Their target: the Japanese-held Soloman Islands, in particular the southern island of Guadalcanal. Hamstrung by arcane pre-war thinking and a bureaucratic mind-set, the US Navy had to adapt on the fly in order to compete with the mighty Imperial Japanese Navy, whose ingenuity and creativity thus far had fostered the creation of its Pacific empire. Starting with the amphibious assault on Savo Island, the campaign turned into an attritional struggle where the evenly matched foes sought to grind out a victory. Following on from his hugely successful book *Rising Sun, Falling Skies*, Jeffrey R. Cox tells the gripping story of the first Allied offensive of the Pacific War, as they sought to prevent Japan from cutting off Australia and regaining dominance in the

Pacific. “[An] enchanting journey through Ann Hood’s early fascination with reading.... Book lovers will find Morningstar irresistible.”—Lynn Sharon Schwartz, author of *Ruined by Reading* Growing up in a mill town in Rhode Island, in a household that didn’t foster a love of reading, novelist Ann Hood discovered nonetheless the transformative power of literature. She learned to channel her imagination, ambitions, and curiosity by devouring ever-growing stacks of books. In *Morningstar*, Hood recollects with warmth and honesty how *The Bell Jar*, *Marjorie Morningstar*, *The Harrad Experiment*, and *The Outsiders* influenced her teen psyche and introduced her to topics that could not be discussed at home: desire, fear, sexuality, and madness. Later, *Johnny Got His Gun* and *Grapes of Wrath* dramatically influenced her political thinking while the Vietnam War and Kent State shootings became headline news, and classics such as *Dr. Zhivago* and *Les Misérables* stoked her ambitions to travel the world. With characteristic insight and charm, Hood showcases the ways in which books gave her life and can transform—even save—our own lives. The Earth has died but a few orphaned children who have escaped the cataclysm find their way to the stars and immortality. The woman Linemarie belongs to the first generation of these transcendent citizens of the future, and she returns to Earth to study and explore her ancestral heritage. Driven from his home, a Rebel finds a place among the Cheyenne Joel Ryan returns from the Civil War with grey hair and a weary heart, but he finds no rest in Kentucky. Turned away by a brother who still blames Joel for abandoning the family to fight for the Confederate cause, Joel rides west, searching for peace in the untamed wilderness of Montana. Instead, against all odds, he finds love. When he sees the gang of thugs tormenting the young Cheyenne beauty, Joel risks his life to save her. Her name is Mourning Dove, and he has only known her for a few hours when he begins to fall in love. Joel believes he has finally found a chance for happiness, but when tragedy strikes his budding family, he realizes he will never be at peace until he can quiet the rage that fills his heart. To save himself, Joel trades love for revenge, and rides west once more. Custer's Last Stand is among the most enduring events in American history--more than one hundred years after the fact, books continue to be written and people continue to argue about even the most basic details surrounding the Little Bighorn. Evan S. Connell, whom Joyce Carol Oates has described as "one of our most interesting and intelligent American writers," wrote what continues to be the most reliable--and compulsively readable--account of the subject. Connell makes good use of his meticulous research and novelist's eye for the story and detail to re-vreate the heroism, foolishness, and savagery of this crucial chapter in the history of the West. The acclaimed author of *On Changing the World* examines the ways in which surrealism intersects with a variety of revolutionary political approaches. In this expanded edition, the luminary critical theorist dismisses the limited notion of surrealism as a purely artistic movement, repositioning surrealism as a force in radical political ideologies, ranging from utopian ideals to Marxism and situationism. Taking its title from André Breton's essay "Arcane 17," which casts the star as the searing firebrand of rebellion, Michael Löwy's provocative work spans many perspectives. These include surrealist artists who were deeply interested in Marxism and anarchism (Breton among them), as well as Marxists who were deeply interested in surrealism (Walter Benjamin in particular). Probing the dialectics of

innovation, diversity, continuity, and unity throughout surrealism's international presence, *Morning Star* also incorporates analyses of Claude Cahun, Guy Debord, Pierre Naville, José Carlos Mariátegui and others, accompanied by numerous reproductions of surrealist art. An extraordinarily rich collection, *Morning Star* promises to ignite new dialogues regarding the very nature of dissent. Praise for *On Changing the World* "His collection of essays, combining scholarship with passion, impresses by its sweep and scope." —Daniel Singer, author of *Prelude to Revolution* "Michael Löwy is unquestionably a tremendous figure in the decades-long attempt to recover an authentic revolutionary tradition from the wreckage of Stalinism, and these essays are very often powerful examples of this process." —Dominic Alexander, *Counterfire* NEW YORK TIMES BESTSELLER • Pierce Brown's relentlessly entertaining debut channels the excitement of *The Hunger Games* by Suzanne Collins and *Ender's Game* by Orson Scott Card. "That they will be what they like. That they will own the land their father gave them." "I live for you," I say sadly. Eo kisses my cheek. "Then you must live for more." Darrow is a Red, a member of the lowest caste in the color-coded society of the future. Like his fellow Reds, he works all day, believing that he and his people are making the surface of Mars livable for future generations. Yet he toils willingly, trusting that his blood and sweat will one day result in a better world for his children. But Darrow and his kind have been betrayed. Soon he discovers that humanity reached the surface generations ago. Vast cities and lush wilds spread across the planet. Darrow—and Reds like him—are nothing more than slaves to a decadent ruling class. Inspired by a longing for justice, and driven by the memory of lost love, Darrow sacrifices everything to infiltrate the legendary Institute, a proving ground for the dominant Gold caste, where the next generation of humanity's overlords struggle for power. He will be forced to compete for his life and the very future of civilization against the best and most brutal of Society's ruling class. There, he will stop at nothing to bring down his enemies . . . even if it means he has to become one of them to do so. But their fledgling enterprise promises to reap surprising rewards for each in turn, including the gift of unexpected love . . . For Regina Miller, the new Morning Star Marketplace is a chance to share her secret work with the world—without revealing herself. Old Order Amish forbid the creation of art without purpose, but without a husband, Regina has been free to explore the joy of painting in her attic. Yet when Gabe Flaud's curiosity leads him to speculate that Regina herself is the painter, the full weight of their community's judgement falls on her shoulders. When Gabe stands up to defend Regina, questioning the Order's restrictions, he reveals his own guilty secret and is shunned along with her. Forced to turn to each other for companionship, the young couple must learn to balance their own needs with their deep faith . . . and a love that will show them all things are possible. Praise for the novels of Charlotte Hubbard “Hubbard firmly grounds the storyline in the principle of Amish grace.” —Publishers Weekly “Fans of Amish fiction will love Charlotte Hubbard's series.” —Marta Perry Now hailed as a “proto-feminist classic” (Vulture), Pulitzer Prize winner Herman Wouk's powerful coming-of-age novel about an ambitious young woman pursuing her artistic dreams in New York City has been a perennial favorite since it was first a bestseller in the 1950s. A starry-eyed young beauty, Marjorie Morgenstern is nineteen years old when she leaves home to accept the job of her dreams--working in a summer-stock company for Noel Airman, its talented and intensely charismatic director. Released from the social constraints of her traditional Jewish family, and thrown into the glorious, colorful world of theater, Marjorie finds herself entangled in a powerful affair with the man destined to become the greatest--and the most destructive--love of her life. Rich with humor and poignancy, Marjorie Morningstar is a classic love story, one that spans two continents and two decades in the life of its heroine. “I read it and I thought, 'Oh, God, this is me.'” --Scarlet Johansson Choosing between Heaven and Hell isn't as easy as it seems, especially when angels hunt you down and demons save your sorry derriere. After nineteen years of being treated like a time bomb by the witches who raised her, Lily Star Morgan tries her luck in the human world. She doesn't fit in, but she's determined to stay, and her decision pays off when gorgeous strangers lead her into a world she never knew existed. A world where she feels she may belong, despite the fact that some would stop at nothing to

see her dead. Roth doesn't know what to do with his young, innocent mate, who was raised in the dark about everything she needs to know. Enlightening her about the lies and betrayals woven around her isn't an option, nor can he inform her of the history binding them together; for now, all he can do is attempt to keep her alive. Although every day with her might just bring him closer to madness. This introductory guide shows how to channel the amazing power of crystals to achieve higher consciousness and total well-being. A new volume in the Griffith and Sabine story, this is a tale rich in the artistry, mystery, and surprise that made the original saga so beloved. Illustrations. A Los Angeles Times Book Review Best Book of 1996 'Without books how could I have become myself?' In this wonderfully written meditation, Lynne Sharon Schwartz offers deeply felt insight into why we read and how what we read shapes our lives. An enchanting celebration of the printed word. ?Morningstar Mercredi was born and lived in the north – Fort Chipewyan and Fort McMurray in Alberta, Uranium City in Saskatchewan, and a number of small communities. Sexually abused from an early age, by family members and the boyfriends she turned to for consolation, she was promiscuous, alcoholic and a drug user by the time she was thirteen. She married when she was sixteen and had a son two years later. Everything was a struggle. Days and weeks of sobriety were followed by weeks and months of drinking and self-abuse. Then, when her son was four, things began to change. Morningstar found support, from the community, from her son, and from within herself, to be a good mother, find employment, keep relationships and reconnect with her family. Today, she is a strong and creative member of her community, and eager to tell her story of defeat and ultimate triumph. Sadly, the first part of this story is all too common, while the second is all too rare. But Morningstar is a shining example that it can be done. She is honest and self-critical in her descriptions of many attempts and repeated failures. She gives enormous credit to her son, for his constant love, his determination to be honest with her, and his unflinching confidence in her ability to succeed. A New York Times Notable Book One of NPR's Best Books of 2021 "Knausgaard is among the finest writers alive." —Dwight Garner, New York Times The international bestseller from the author of the renowned My Struggle series, *The Morning Star* is an astonishing, ambitious, and rich novel about what we don't understand, and our attempts to make sense of our world nonetheless One long night in August, Arne and Tove are staying with their children in their summer house in southern Norway. Their friend Egil has his own place nearby. Kathrine, a priest, is flying home from a Bible seminar, questioning her marriage. Journalist Jostein is out drinking for the

It brings with it a mysterious sense of foreboding. Strange things start to happen as nine lives come together under the star. Hundreds of crabs amass on the road as Arne drives at night; Jostein receives a call about a death metal band found brutally murdered in a Satanic ritual; Kathrine conducts a funeral service for a man she met at the airport – but is he actually dead? Founded by five unmarried and enterprising Amish maidels, the new Morning Star Marketplace in small-town Missouri is preparing for a joyous Christmas season. But will the holiday also bring unexpected tidings of love? Twin sisters Molly and Marietta Helfing are eagerly anticipating Christmas, with Marietta fully re-covered from cancer and their noodle making business thriving. But Molly clearly misses having former tenant Pete Shetler and his rambunctious dog, Riley, around. Marietta can't ignore Molly's feelings for Pete--or the anxiety it stirs within her. Convinced her illness has made her unmarriage-able, Marietta wonders what kind of life she'll have if her sister marries--despite Molly's promise to never leave her behind... Then a fire destroys the home of Amish neighbors and Molly and Marietta graciously make room for widower Glenn Detweiler, his dat, and his two young boys. When Pete returns to help the fami-ly rebuild, Molly relishes her reunion with the handsome carpenter, while Marietta delights in moth-ering Glenn's boys--and is surprised by her poignant bond with their quiet, brooding father. Soon everyone is wondering if this season will bring the blessing of a merry double wedding to Morning Star... This is a reproduction of a book published before 1923. The Angostin hordes raged over the Southern Borders. Evil sorcery ruled, and the vampyre kings lived once more. The Highland people were in much need of a great hero. From a recognized authority on the High Plains Indians wars comes this narrative history blending both American Indian and U.S. Army perspectives on the attack that destroyed the village of Northern Cheyenne chief Morning Star. Of momentous significance for the Cheyennes as well as the army, this November 1876 encounter, coming exactly six months to the day after the Custer debacle at the Little Bighorn, was part of the Powder River Expedition waged by Brigadier General George Crook against the Indians. Vital to the larger context of the Great Sioux War, the attack on Morning Star's village encouraged the eventual surrender of Crazy Horse and his Sioux followers. Unbiased in its delivery, Morning Star Dawn offers the most thorough modern scholarly assessment of the Powder River Expedition. It incorporates previously unsynthesized data from the National Archives, the Library of Congress, the U.S. Army Military History Institute, and other repositories, and provides an examination of all facets of the campaign leading to and following the destruction of Morning Star's village.

KEEPERS OF THE MORNING STAR is the first major anthology of Native women's contemporary theater bringing together works from established and new playwrights. This collection, representing a rich diversity of Native communities, showcases the exciting range of Native women's theater today from the dynamic fusion of storytelling, ceremony, music and dance to the bold experimentation of poetic stream of consciousness and Native agitprop. Drama. Native American Studies. Cecelia Bluespruce, a successful Native American artist, must come to terms with her past when her grown son wants to learn more about his father, an activist who has been in prison for twenty years. A thoroughly Catholic adventure on the high seas This beautiful little book, like Carlos Castaneda's works, shines new light into the mythical and poetic content of the collective unconscious. That Indonesia's ongoing occupation of West Papua continues to be largely ignored by world governments is one of the great moral and political failures of our time. West Papuans have struggled for more than fifty years

to find a way through the long night of Indonesian colonization. However, united in their pursuit of merdeka (freedom) in its many forms, what holds West Papuans together is greater than what divides them. Today, the Morning Star glimmers on the horizon, the supreme symbol of merdeka and a cherished sign of hope for the imminent arrival of peace and justice to West Papua. *Morning Star Rising: The Politics of Decolonization in West Papua* is an ethnographically framed account of the long, bitter fight for freedom that challenges the dominant international narrative that West Papuans' quest for political independence is fractured and futile. Camellia Webb-Gannon's extensive interviews with the decolonization movement's original architects and its more recent champions shed light on complex diasporic and intergenerational politics as well as social and cultural resurgence. In foregrounding West Papuans' perspectives, the author shows that it is the body politic's unflagging determination and hope, rather than military might or influential allies, that form the movement's most unifying and powerful force for independence. This book examines the many intertwining strands of decolonization in Melanesia. Differences in cultural performance and political diversity throughout the region are generating new, fruitful trajectories. Simultaneously, Black and Indigenous solidarity and a shared Melanesian identity have forged a transnational grassroots power-base from which the movement is gaining momentum. Relevant beyond its West Papua focus, this book is essential reading for those interested in Pacific studies, Native and Indigenous studies, development studies, activism, and decolonization.
