From Andy Marino, author of The Plot to Kill Hitler series, comes another fast-paced historical thriller chronicling one family's desperate bid to escape the deadly Chernobyl disaster. 26 April 1986 01:18 Alina & Lev are two siblings living in Pripyat, one of the Soviet Union's proud nuclear cities. Both are asleep in their beds. Their cousin, Yuri, is a custodian at the Chernobyl Nuclear Power Plant, where he's fiercely attacking a spill in the hallway with a mop. Alina's best friend, Sofiya, sleeps just a few doors down. Her father is an engineer at the plant, a fact that has always filled her with pride. In five minutes, Reactor No. 4 will explode in a ball of fire. It will expel radiation across their town for nine days before it's finally contained. For the people of Pripyat, it will be far too late. — Two young siblings flee the Chernobyl disaster with their parents, but the Communist party is

on their heels. Meanwhile, the friends and family they were forced to leave behind must contend with a disinformation campaign that's determined to pretend nothing is wrong—even as deadly radiation spills into the air. Walking many miles to school in the dusty road, young Coretta knew, too well, the unfairness of life in the segregated south. A yearning for equality began to grow. Together with Martin Luther King, Jr., she gave birth to a vision and a journey—with dreams of freedom for all. This extraordinary union of poetic text by Ntozake Shange and monumental artwork by Kadir Nelson captures the movement for civil rights in the United States and honors its most elegant inspiration, Coretta Scott. "A biography of Robert Smalls who, during the Civil War, commandeered the Confederate ship Planter to carry his family and twelve other slaves to freedom, and went on to become a United States Congressman working toward African American advancement"—Provided by publisher. Terribly unhappy in his family's crowded New York City apartment, Sam Gribble runs away to the solitude—and danger—of the mountains, where he finds a side of himself he never knew. Percy Jackson fans will embrace this humorous time-travel adventure that sends Mel and his friends right into the Civil War's Battle of Gettysburg. Mel, Bev, and Brandon—the Left Behinds—are at it again. When the iTime app on their phones sends them to Washington, D.C., in 1863, they find themselves smack dab in the middle of the Civil War. They sit in on a séance with First Lady Mary Todd Lincoln and are shown every inch of the White House by Tad, the youngest Lincoln. But when they meet President Abe Lincoln himself, he is preoccupied with the fateful battle at Gettysburg, which is just under way. The kids receive their marching orders—they must somehow travel to Gettysburg, make sure what's supposed to happen does happen, save the Union, and be home in time for dinner. No biggie. After all, it's only the entire future of the country at stake. Includes an author's note and information on Civil War reenactments and living history sites around the nation. Praise for the Left Behinds series: "The narrative is pure fun. . . . History made silly for readers who can't get into it straight." —Kirkus Reviews "This is Magic Tree House all grown up, and kids who once loved that time travel conceit will be delighted all over again." —The Bulletin of the Center for Children's Books "Readers will charge through these super-short chapters like a Revolutionary soldier on the run." —BookPage

A heartbreaking, funny, and honest look inside of a marriage falling apart and the lengths a couple would go to in order to fix it from the bestselling author of *Dickens and Prince, About a Boy* and *High Fidelity* Now an Emmy award winning SundanceTV series starring Rosamund Pike and Chris O'Dowd Tom and Louise meet in a pub before their couple's therapy appointment. Married for years, they thought they had a stable home life--until a recent incident pushed them to the brink. Going to therapy seemed like the perfect solution. But over drinks before their appointment, they begin to wonder: what if marriage is like a computer? What if you take it apart to see what's in there, but then you're left with a million pieces? Unfolding in the minutes before their weekly therapy sessions, the ten-chapter conversation that ensues is witty and moving, forcing them to look at their marriage--and, for the first time in a long time, at each other. A biography of Harriet Tubman written in verse, in which poem and watercolor come together to honor a woman of humble origins whose courage and compassion make her larger than life. Guidance for walking day-by-day through the Bible. In her entertaining and edifying New York Times bestseller, acclaimed author Francine Prose invites you to sit by her side and take a guided tour of the tools and tricks of the masters to discover why their work has endured. Written with passion, humour and wisdom, *Reading Like a Writer* will inspire readers to return to literature with a fresh eye and an eager heart - to take pleasure in the long and magnificent sentences of Philip Roth and the breathtaking paragraphs of Isaac Babel; to look to John le Carré for a lesson in how to advance plot through dialogue and to Flannery O'Connor for the cunning use of the telling detail; to be inspired by Emily Brontë's structural nuance and Charles Dickens's deceptively simple narrative techniques. Most importantly, Prose cautions readers to slow down and pay attention to words, the raw material out of which all literature is crafted, and reminds us that good writing comes out of good reading. Many of us would like to know more about the Bible, but don't know where to begin. *A Beginner's Guide to Reading the Bible* is a concise introduction that assumes no previous acquaintance with Scripture. The author provides an overview of the content of the Bible, a look at the kinds of literature it contains, describes how the Old and New Testaments were formed, discusses some commonly used English translations, and lists resources that can be helpful to beginning readers. *The Model Rules of Professional Conduct* provides an up-to-date resource for information on legal ethics. Federal, state and local courts in all jurisdictions look to the Rules for guidance in solving lawyer malpractice cases, disciplinary actions, disqualification issues, sanctions questions and much more. In this volume, black-letter Rules of Professional Conduct are followed by numbered Comments that explain each Rule's purpose and provide suggestions for its practical application. The Rules will help you identify proper conduct in a variety of given situations, review those instances where discretionary action is possible, and define the

nature of the relationship between you and your clients, colleagues and the courts. This nonfiction reader profiles some of the great leaders during the Civil War era. Breathe life into the pages of history with primary source documents that offer significant clues on what life might have been like during this turbulent time in American history. Authentic artifacts, including maps, government documents, and other primary sources offer an intimate glimpse of life during this era. Students will build content knowledge across geography, history, and other social studies strands, with content that can be leveled for a variety of learning styles, as well as below-level, above-level, and English language learners. This reader contains text features, including captions, bold print, glossary, and index to increase comprehension and academic vocabulary. A "Your Turn!" activity continues to challenge students as they extend their learning. Aligned to McREL, WIDA/TESOL, NCSS/C3 Framework, and other state standards, this text readies students for college and career readiness. This 6-Pack includes six copies of this Level U title and a lesson plan that specifically supports Guided Reading instruction. This book serves as an action guide for the Union Rep, Steward and Union Activist Leader whose hard work, labor and unyielding sacrifices often go un-noticed by the people whom they serve and the Union leadership from whom they get their direction. If this book serves any purpose at all, it is my hope that after reading it, you will view your work not as a job, but a calling--in a movement--for social change! Classic Books Library presents this brand new edition of "The Federalist Papers", a collection of separate essays and articles compiled in 1788 by Alexander Hamilton. Following the United States Declaration of Independence in 1776, the governing doctrines and policies of the States lacked cohesion. "The Federalist", as it was previously known, was constructed by American statesman Alexander Hamilton, and was intended to catalyse the ratification of the United States Constitution. Hamilton recruited fellow statesmen James Madison Jr., and John Jay to write papers for the compendium, and the three are known as some of the Founding Fathers of the United States. Alexander Hamilton (c. 1755-1804) was an American lawyer, journalist and highly influential government official. He also served as a Senior Officer in the Army between 1799-1800 and founded the Federalist Party, the system that governed the nation's finances. His contributions to the Constitution and leadership made a significant and lasting impact on the early development of the nation of the United States. This is the second of a two-

volume publication which provides an international perspective on how children learn to read. Research studies and classroom experiences from around the world are reported, highlighting implications for the design implementation and evaluation of classroom reading programmes. Contributions are included from the UK, USA, Canada, Australia, Jamaica and Israel with evidence drawn from over 18 countries. Despite the contexted differences, there are many common concerns and controversies. From these, three areas are identified: the first is developing an improved understanding of the nature of children's early reading development; the second is the consideration of the ways in which children's reading can be encouraged. This volume addresses the issues of curriculum and assessment in the context of accountability. Bear likes going to the beach, but Chipmunk says "Not me!" in this Guided Reading Level D story, perfect for beginning readers. Summer is here, and Bear and Chipmunk are headed to the beach. Bear likes the sun, and the sand, and swimming. But Chipmunk doesn't. The sun is too bright, the waves are so big, and the big fish are scary when you're so small! Full of humor, Valeri Gorbachev's colorful illustrations add detail and help support understanding of the text—and they're sure to make young readers laugh, as Bear floats serenely past Chipmunk, who's stuck upside-down in a float. "Why did you come?" asks Bear finally, as Chipmunk tries to help collect their things. "I came to be with you," replies Chipmunk. Sometimes it doesn't matter what you're doing—as long as you're with your friends! Bear and Chipmunk enjoy winter weather, too, in *Me Too!*, another *I Like to Read®* book. The award-winning *I Like to Read®* series focuses on guided reading levels A through G, based upon Fountas and Pinnell standards. Acclaimed author-illustrators—including winners of Caldecott, Theodor Seuss Geisel, and Coretta Scott King honors—create original, high quality illustrations that support comprehension of simple text and are fun for kids to read with parents, teachers, or on their own! Suitable for late kindergarten readers, Level D books feature wider vocabulary, longer sentences, and greater variety in sentence structure than levels A, B, and C. When Level D is mastered, follow up with Level E. Biblical history can be some of the most difficult material for beginning students to grasp. The conventions of contemporary history writing are quite different from those of ancient Israelite writers. Here a master teacher offers basic orientation to the genre and conventions of the Old Testament historical books, helping students become careful and attentive readers. Written in an accessible style with many ancient and contemporary examples, this book introduces students to some of the phenomena they will encounter in the historical books and provides strategies for understanding their significance. The goal is to make further reading and study of Scripture more informed and sensitive. Sidebars, discussion questions, and further reading suggestions are included. "Four score and seven years ago..." begins Abraham Lincoln's beautiful speech commemorating the three-day battle that turned the tide of the Civil War. The South had been winning up to this point. So how did Union troops stop General Robert E. Lee's invasion of the North? With black-and-illustrations throughout and sixteen pages of photos, this turning point in history is brought vividly to life. Everyone knows that one is one. But can ONE be more than one? Absolutely! ONE PAIR is always two; ONE WEEK is seven days; and ONE DOZEN is

always twelve. And that's just the beginning of this brilliant and original counting book. The story of Harriet Tubman and her role in leading slaves to freedom along the Underground Railroad is well-known. But did you know that during the Civil War Harriet would often dress in disguise to gain important information to share with the Union Army? A younger brother tries to do everything his older brother can do, including riding a bike, jumping, and catching a ball. The revised and expanded edition of *Working Stiffs, Union Maids, Reds, and Riffraff* offers 350 titles compared to the original edition's 150. The new book is global in scope, with examples of labor films from around the world. Viewers can turn to this comprehensive, annotated guide for films about unions or labor organizations; labor history; working-class life where an economic factor is significant; political movements if they are tied closely to organized labor; production or the struggle between labor and capital from a "top-down"—either entrepreneurial or managerial—perspective. Each entry includes a critical commentary, production data, cast list, MPAA rating (if any), suggested related films, annotated references to books and websites for further reading, and information about availability of films for rental and/or purchase. This edition addresses both historical and contemporary films and features many more documentaries and hard-to-find information about agitprop and union-financed films. *Working Stiffs, Union Maids, Reds, and Riffraff: An Expanded Guide to Films about Labor* features fifty-eight production stills and frame enlargements. It also includes a greatly expanded Thematic Index of Films. Two new sections will help the reader discover labor films in chronological order or by nationality or affiliation with certain cinematic movements. To read Tom Zaniello's blog on the cinema of labor and globalization, featuring even more reviews, visit <http://tzaniello.wordpress.com>. Praise for the earlier edition: "Zaniello has created a useful and far-reaching guide with abundant information.... These are the sorts of films that prove what James Agee wrote in these pages nearly fifty years ago: 'The only movies whose temper could possibly be described as heroic, or tragic, or both, have been made by leftists.'"—*The Nation* "Zaniello has done a monumental job identifying the films that should be included in this genre.... *Working Stiffs, Union Maids, Reds, and Riffraff* is sorely needed and long overdue."—*Cineaste* "An engaging and opinionated book.... Even though mining, trucking, Jimmy Hoffa, and class warfare are the book's major themes, what holds the project together is Zaniello's sense of fun and wit. [Zaniello is] a better writer than most major film critics."—*Village Voice Literary Supplement*
