We're in Trouble. But There Is Help . . . If We Listen. In the middle of the night on August 2, 2016, Neale Donald Walsch found himself drawn into a new and totally unexpected dialogue with God in which he suddenly faced two questions: Is the human race being offered help by Highly Evolved Beings from Another Dimension? Is there a key role that humans are being invited to play in advancing their own evolution by joining in a mutual mission to assist the planet during the critical times ahead? He was told that the answer to

both questions is yes. Then he was given 16 specific examples of how Highly Evolved Beings respond to life differently than humans do--and how adopting even a few of those behaviors could change the course of world history for the better forever. That information makes up the body of this work. A striking invitation to every reader sets the stage for the extraordinary explorations that follow. Picking up where Book 3 in the Conversations with God Trilogy series left off, the revelations about Highly Evolved Beings and about how ordinary humans can answer the call to help awaken the species on Earth will breathtakingly expand your view of both your personal and your collective future. Which is exactly what the dialogue was intended to do. How to deal with twenty-first century challenges, individually and globally. The Conversations with God books are among the most popular spirituality books published in the past 50 years. They have sold millions of copies in over two dozen languages around the world. For those who seek to explore the nature of God, the universe, and the meaning of existence, here are the questions that everyone wants to ask—and here are the answers that not only make sense, but also speak directly to the heart, with observations that ring true. In the introduction to Conversations with God, Book 1, Neale Donald Walsch was told that Book 2 “would deal with more global challenges now facing the world.” This is a book that looks at the big

picture. What is here is a proposed paradigm shift to change the political and spiritual constructs that people have manifested on this planet. This is the challenge of the book: “Now is the time to reclaim yourself. Now is the time to see yourself again as Who You Really Are, and thus, render yourself visible again. For when you, and your true relationship with God, become visible, then We are indivisible. And nothing will ever divide Us again.” What is needed now is for humanity to agree on the most important topic in human history. We could produce spectacular results if we did so, changing life on Earth for the better - forever. And this is not out of our reach. We could bring an end to anger, violence, disagreements between people and nations, financial hardships, poverty, starvation, and the suffering of millions. We could bring peace, prosperity, security, opportunity, and joy to people around the world. In short, all that humanity has ever hoped for or dreamt of and what we were truly meant to experience could be ours. This could happen virtually overnight. And it could be done with the embracing of a single idea. The first book in a new series by the multimillion-copy bestselling author of Conversations with God. Neale Donald Walsch has changed the way millions of Americans think about God. His Conversations with God series, book 1, book 2, and book 3, have all been New York Times bestsellers- book 1 for over two years. The essence of Neale

Donald Walsch's message lies at the heart of faith- the sacred place in every person, where he stands alone with his God. Walsch urges each of us to forge our own unique relationship with God, a God who is everywhere and speaks to us in all we do. It is up to us to stop and listen. It is up to us to respond...to begin the conversation. And a conversation is the first step, just as in any relationship, in establishing trust, in building friendship, in creating communion. In *Friendship with God*, Neale Donald Walsch shares the next part of his journey, and leads us to deepen and strengthen our own bonds with God. He honors our heart's desire: a closer connection, richer and fuller. A friendship with God. Please note: This is a companion version & not the original book. Sample Book Insights: #1 I was very unhappy during that period, personally, professionally, and emotionally, and my life was feeling like a failure on all levels. I wrote a letter to God, asking him what I had done to deserve a life of struggle, and how I could get it working. #2 The tools of communication are feelings, thoughts, and experience. The challenge is to distinguish between messages from God and data from other sources. The rule is: Mine is always your Highest Thought, your Clearest Word, and your Grandest Feeling. #3 My most powerful messenger is experience. But you ignore it. You keep re-living the same experience, over and over again, because you don't listen to your

experience. I will never stop sending you messages, until you receive them and hold them close. #4 God does not reveal Himself to us in a way that is incontrovertible. We cannot know God if we do not stop telling ourselves that we already know God. We cannot hear God if we think we have already heard Him. We must listen to our feelings, our Highest Thoughts, and our experience. Discover the answers to the questions of God, meaning, and existence. This is the final book of the original three-book *Conversations with God* series. The series deals with "universal truths of the highest order, and the challenges and opportunities of the soul." In Book 3, the dialogue expands to include more about the nature of God, love and fear, who we are and who we may become, and the evolution of the human species that's about to take place. This is an engaging and profound conversation about the culture, philosophy, and spirituality of highly evolved beings (some of whom we call "aliens," or "ETs") in other realms of the universe, and how they have learned to view life, love, and the pursuit of happiness. CWG3 is meant to inspire readers to look at their lives in new and fresh ways and to question everything. It encourages readers to embrace the mysteries of existence and to live each day with love and joy. Suppose you could ask God any question and get an answer. What would it be? Young people all over the world have been asking those questions.

So Neale Donald Walsch, author of the internationally bestselling *Conversations with God* series had another conversation. *Conversations with God for Teens* is a simple, clear, straight-to-the-point dialogue that answers teens questions about God, money, sex, love, and more. *Conversations with God for Teens* reads like a rap session at a church youth group, where teenagers discuss everything they ever wanted to know about life but were too afraid to ask God. Walsch acts as the verbal conduit, showing teenagers how easy it is to converse with the divine. When Claudia, age 16, from Perth, Australia, asks, "Why can't I just have sex with everybody? What's the big deal?", the answer God offers her is: "Nothing you do will ever be okay with everybody. 'Everybody' is a large word. The real question is can you have sex and have it be okay with you?" There's no doubt that the casual question-and-answer format will help make God feel welcoming and accessible to teens. *Conversations with God for Teens* is the perfect gift purchase for parents, grandparents, and anyone else who wants to provide accessible spiritual content for the teen(s) in their lives. Millions of readers have come to value the *Conversations with God* series by Neale Donald Walsch, which has now been translated into twenty-six languages. Many thousands of those readers have had questions for him--questions about religion, good and evil,

physical and mental health, death, prophecy, the nature of God and the universe, prayer, angels and devils, spiritual paths, relationships, and much more. In Questions and Answers on Conversations with God, Neale, with characteristic wit and wisdom, responds to the most compelling and provocative of these letters; and the result is a book that is profoundly enlightening and inspiring. By relating the messages in the dialogues of CWG to the personal issues and everyday experience of individuals, Neale's answers illustrate the direct link between spiritual and physical reality, clearly demonstrating how what we do and who we are in our lives is a result of how we think and what we believe. This book gives us all the opportunity to look at ourselves, to change ourselves, and thus, perhaps, to change the world. A little book that teaches readers how to incorporate the message of Conversations with God into their daily lives In 1999, Neale Donald Walsch wrote three little books, each focusing on different areas of life: Neale Donald Walsch on Relationships, Neale Donald Walsch on Holistic Living, and Neale Donald Walsch on Abundance and Right Livelihood. In 2010, these three books were published in a single volume as Neale Donald Walsch's Little Book of Life. Walsch describes this book as a thousand pages of dialogue in the Conversations with God series reduced down to a few salient points and a few very direct observations about how

to render them functional. Readers can think of this book as either Conversations with God in a Nutshell or the Essential Conversations with God. Here are the basic principles for Satisfying personal relationships Living a joyful, harmonious life Discovering authentic prosperity Walsch's words provide hope and help for readers living in particularly challenging times. This is indeed Walsch's essential life guide for twenty-first century readers. "Walsch writes candidly about great questions of purpose, peace, and happiness that haunt humanity." —Publishers Weekly A compassionate spiritual meditation on the process of death and dying, written by the author of the popular Conversations with God series, offers counsel on how to draw wisdom and peace of mind throughout the process, which is explained as the beginning of an "after life" in God's kingdom. Reprint. 60,000 first printing. From the author of Conversations with God, comes a book of wonderful insight on how to achieve the goal of every human being: a meaningful life. Walsch weaves these tales seamlessly into the concepts and messages presented in the Conversations with God books. These amazing stories will show you how you, too, can experience miracles in your life and discover that they are all around us. Millions of people have read the Conversations with God series and have wondered how to incorporate the knowledge contained in them into their own lives. If you would like to have your own conversation with God, Meditations from Conversations with God, Book 2 is the ideal place to start. This journal is a great tool for building a new tomorrow, one day--and one person--at a time. A Master's Manual for Spiritual Awakening You are a spiritual master, and you may not know it. This is your manual. It was created for you, by you. This, too, you may not know right now, but soon you will . . . Neale Donald Walsch not only tells us how we can make it through the week in these tough times, he shows us how we can face each day overflowing with joy and optimism. The good news, he tells us, is that each of us was meant to be happy - happier than god! Walsch's warm and soothing words encourage the reader to look for the hidden resources that are deep inside each of us. He shows how each of us have the power within us to manifest everything we need

and want. This is not a book of spiritual theory. It provides a plan that can change lives. Included here is a programme that Walsch calls '17 Steps to being Happier Than God', a plan that combines the best of the conceptual truths of his 10-book Conversations with God series with the clearest description yet of how to turn those concepts into practical tools for altering life for the better - forever. The author creates a question-and-answer dialogue between himself and God in which he describes a new form of spirituality that will enhance each individual's life. God's number one message to the world: "You've got me all wrong." Inspired by his nine-book Conversations with God series, many people have asked Neale Donald Walsch to find a way to deliver the most essential pieces of God's message to us in a more succinct way. This concise text details and expands just what we need to know about life and how to live it. Bringing his many conversations over the years into sharper focus than ever before, Walsch in What God Said encourages readers to cast aside religious and cultural trappings. To experience life as fallible—and human—beings, open-minded, open-hearted, and all-embracing, and to build on, broaden, and enrich our Ancient Story. But to move forward on this ever-expanding and encompassing spiritual voyage means not only understanding what Walsch considers the most important insights of his Conversations with God, but also applying

them in the most practical ways. And so Walsch has included solid suggestions on how to apply each of the 25 Core Messages in daily life. Should humanity begin carrying these messages forward, starting today, we can change the world. Resuming the dialogue where "Book 1" left off, "Conversations with God, Book 2" moves from personal issues to more global and political concerns. Included are questions about the nature of time and space and human sexuality, as well as geophysical and geopolitical considerations of worldwide implication. Suppose you could ask God any question and get an answer. What would it be? Well, young people all over the world have been asking those questions. This book is suitable for those who ever wanted to know if God is listening to them, if God can really help, if God cares about them, and if there is a God. For the avid follower of Conversations with God or as an introduction to Neale's work, this volume will serve the reader as the perfect medium for joining in on this uncommon dialogue between the mortal

and the divine. The whole universe, the entire cosmos in each of its dimensions, is filled with sentient beings, each imbued with the exact same desire—the desire to express and experience their true nature and their true Identity. This involves a process of, first, moving through and knowing every aspect of being physical. then moving through and knowing every aspect of being metaphysical. Then, integrating both. And here is the great secret that Highly evolved Beings are focusing their energies on sharing: Full integration can occur at any moment. The process can be condensed. An entire civilization can begin living as an awakened species whenever it wishes Synopsis coming soon..... Little Soul is sent by God to embark on a series of adventures on earth, the first of which is to be born. Please note: This is a companion version & not the original book. You are the only one who can take you there, because the truth exists in only one place. So don't let anyone else tell you that you have found a way to wisdom. This book is an insightful understanding of humanity's purpose. Read about the potential of human species. Explore the possibility of realms in other dimensions. Neale Donald Walsch is a modern-day spiritual thinker whose words continue to touch the world in profound ways. With an early interest in religion and a deeply felt connection to spirituality, he spent the majority of his life thriving professionally, yet searching for spiritual meaning before beginning his now famous Conversations with God series that has been translated into 34 languages. "Deep inside you know Who You Truly Are. We all do. It's not a question of discovering it, it's a question of claiming it. Being it. And that's actually easier done than said. We're all just one decision away from The Essential Path. It's a path that could change a world that deeply yearns for a new direction." — Neale Donald Walsch, author, The Essential Path Our modern era is plagued by increasing alienation—we are seeing an "us against them" world. Everywhere we turn, we find ourselves divided from each other as never before across political, economic, social, and spiritual lines. As humanity is being torn apart right before our eyes—separating many of us from our friends and even our loved ones, from our hopes

and dreams, from the natural world, and from so much that gives meaning and value to our lives—people are blaming everyone and everything around them for the collective problems that we have created ourselves. We are turning against each other, rather than to each other, just when we need each other the most. Bestselling author of Conversations with God Neale Donald Walsch offers a radical solution to the growing problem of humanity's alienation. He invites us to question our basic assumptions about ourselves, about each other, about life and how it works, and about God, and to rethink the very definition of humanity. The Essential Path challenges every human to make a Daring Decision—to look at who we are and how we can choose to be, in a planet-altering new way. With insight and spiritual perceptivity, Walsch peers into the heart of a broken, divided society, prompting us to ask the critical questions that have the power to transform our world. The human race has reached a Time of Choosing. Our options are being placed before us by the tide of events -- and by those who are creating them. We can either move forward, building together at last a new world of peace and harmony based on new beliefs about God and Life, or move backward, separately and continuously reconstructing the old world of conflict and discord. The New Revelations provides us with the tools to move forward, to pull ourselves out of despair, lifting the whole human race to

a new expression of its grandest vision. In this book, which offers possible and powerful answers to the questions facing the world, bestselling author Neale Donald Walsch urges us to open our hearts and minds to what may be one of the most important spiritual statements of our time. A conversation with God that began as a simple plea from one human being to the God of his understanding, *The New Revelations* is a life-altering book, given to us when we need it most. Neale Donald Walsch has changed the way the world thinks about God. His books have been translated into twenty-five languages, and his *Conversations With God* series, book 1, book 2, and book 3, have all been *New York Times* bestsellers—book 1 for over two years. In the *Conversations* books, Walsch shared with his readers the beginning of a sacred relationship, as he began an exchange with God on everything from love and faith, to life and death, and good and evil. And then, as Walsch recounted in *Friendship with God*, something else extraordinary began to happen. His relationship with God began to strengthen and deepen, just as our own relationships do, into a friendship. Now in *Communion with God*, his most richly intimate book yet, Walsch discovers how to elevate that friendship to a state of communion. In this blueprint for seekers, he reveals *The Ten Illusions of Man*—the misconceptions we hold about ourselves and our world and

our God. He describes with striking clarity how we might heal the great divide that has arisen from these illusions. And as he explores the true meaning of bringing God into our everyday lives, of having the courage of our convictions. Walsch shows us that we can only break free from our illusions when we act always from a place of deep fellowship with all that is holy—a place of communion with God. Walsch's conversations with God in the third of his explorations of life, the universe, and our relationship with God. *Conversations with God Book 1* began a series that has been changing millions of lives for more than ten years. Finally, the bestselling series is now a movie, starring Henry Czerny (*The Pink Panther* and *Clear and Present Danger*) and Ingrid Boulting (*The Last Tycoon*). Produced and directed by Stephen Simon (producer of *Somewhere in Time* and *What Dreams May Come*) and distributed by Samuel Goldwyn Films and Fox Home Entertainment, the theatrical release is set for October 27, 2006. The movie is the true account of Walsch (played by Czerny), who went from an unemployed homeless man to an "accidental spiritual messenger" and author of the bestselling book *This is a conversation between two great minds, exploring the possibilities of creating a world in which the truth is told, compassion is more important than the bottom line and how we can make a contribution to that vision.* Includes *Conversations With God Book I*

Audiobook read by the Author with Edward Asner & Ellen Burstyn If what you have been looking for is a way to go deeper into the material in *Conversations With God*, you will make the choice to not only read this book but also to answer the inquiries, do the exercises, undertake the assignments and conduct the experiments which fill its pages. In this way, you will join with Neale, who is seeking to make the concepts in *Conversations With God* come alive as part of your own life story. Yet you will do more than that. For if you choose to truly participate in transforming your own life, one by one you will shift the paradigm of the planet in the most profound way: through the thoughts, words, and deeds of each individual who walks upon and loves the Earth. With this extraordinary book, Neale Donald Walsch issues you a formal invitation ...to bring into existence a world in which more and more people have the opportunity to experience God's presence and to understand the virtually unlimited opportunities of life on this planet. Suppose you could make God part of your everyday life. Suppose you could ask questions about love and faith, life and death, good and evil—and God answered in a way that you could truly understand. Neale Donald Walsch asked, and God responded. These meditations, taken from the pages of his seminal work, *Conversations with God*, are full of true universal wisdom that will guide and comfort you along

life's journey. You may come home whenever you wish. We can be together again whenever you want. The ecstasy of your union with Me is yours to know again. At the drop of a hat. At the feel of the wind on your face. At the sound of a cricket under diamond skies on a summer night. Mediations from Conversations with God contains a collection of profound quotations on Universal Truths, The Spiritual Path, Feelings, Mortality, Self-Awareness, Time, Politics and War, Money, The Planet, and Relationships. These are taken from the Conversations with God series of books by Neale Donald Walsch. The dialogue expands . . . When Neale Donald Walsch was experiencing one of the lowest points of his life, he decided to write a letter to God. What he did not expect was a response, with extraordinary answers covering all aspects of human existence - from happiness to money, to faith. The resulting book, Conversations with God, was an instant bestseller on publication in 1995 and has since sold millions of copies world-wide, changing countless lives everywhere. Conversations with God: Book 3 is the third volume of the original Conversations with God trilogy that takes us even further in our questioning and search for answers, dealing with universal truths of the highest order and the challenges and opportunities of the soul. This incredible series contains answers that will change you, your life and the way you view others. Also by Neale Donald Walsch and

available from Hodder & Stoughton: Conversations with God, Books 2 and 3, Communion with God, Friendship with God, Applications for Living and Meditations from Conversations with God, Book 1. Suppose you could ask God the most puzzling questions about existence questions about love and faith, life and death, good and evil. Suppose God provided clear, understandable answers. It happened to Neale Donald Walsch. It can happen to you. You are about to have a conversation. . . Walsch was experiencing a low point in his life when he decided to write a letter to God, venting his frustrations. What he did not expect was a response. As he finished his letter, he was moved to continue writing and out came these extraordinary answers to his questions. They will amaze you with complex paradoxes that make perfect sense, profound logic, and astounding truths. Here are answers that bring together as one the deeper meaning of all beliefs and traditions. Here are the answers that will change you, your life, and the way you view other beings. For those with an open mind, a limitless curiosity, and a sincere desire to seek the truth, this book is stunning. Be careful. This book is dangerous. It explores with startling freshness the most important question you could ever ask, and offers with breathtaking courage the most extraordinary answer you could ever imagine. That answer is so theologically revolutionary and so spiritually empowering that

it could change the course of human history. If embraced, it most certainly will change your life. There are people and institutions in the world, long in place and long in power, that want neither of these outcomes to occur. They would rather that you put this book down right now. It's up to you.
