Planning and the Multi-Local Urban Experience Jun 06 2021 "The starting point of this book is the observation that there is a discrepancy between the lived reality of human beings and the fabricated, planned and governed 'reality' of the state apparatus at both the local and national level. The book posits multi-locality as an emerging spatial configuration. The author draws from various theoretical sources, such as Deleuze and Guattari's concepts of state or royal science, the Nietzschean critique of idealism, Hägerstrnad's time-geography, Hintikka's theory of modalities, Lefebvre's urban society, Castel's network society, Foucault's concept of heterotopia, and Bhaskar's and Sartres theories of presence and absence. He also discusses the implications of Faludi's post-territorialist critique of planning and governance, and of the failure to operationalise the concept quantitatively, basing his arguments in the lived experiences of multi-locals as well. The novelty of the book is how it analyses multi-locality from such a wide theoretical perspective: what is the nature and meaning of the different multiple and coexistent places for people, and how is this spatial transformation related to their mobility, everyday practices and work. How does the presence and absence of places form their identity and their citizenship? He also addresses the inconsistency between multi-locality and traditional statistics and the planning and governance practices based on the assumption of unilocality and discusses the implications of this incongruity. The book will be of interest to scholars in urban studies and planning theory, as well as practitioners developing more adequate practices replacing outdated ones"--

The Impact of Nuclear Power on the Public: The American Experience Jun 18 2022 The American experience with respect to electrical power production has undergone and is undergoing considerable evolution. Early, frequently strident debates tended to focus on the risks and benefits of only one possible power source (nuclear), and on one possible hazard (radiation from routine releases). Discussions and analyses now have tended to become more moderate, and deal with not only one but all feasible power sources, as well as the costs and benefits associated with fuel production, the operation of such sources, fuel transportation and waste disposal. Radiation from routine releases is no longer a major issue. A number of attempts have been made to assess the total benefits and risks of nuclear versus fossil fuel plants, in order to allow a rational basis for deciding on what type of source is best for a given situation. More data and more refined analyses are needed; however, most of those completed to date have concluded that the overall cost in terms of possible damage to health and the environment is least for nuclear power, next for oil and the greatest for coal-fired plants.

Power in the Blood? Dec 12 2021 Can the gospel message of the Atonement have a liberative message for black Christians? Is there, indeed, "power in the blood of Jesus"? This study of the meaning of the cross in the African American religious experience is both comprehensive and

powerful: comprehensive because it explores the meaning of the cross -- symbol of suffering and sacrifice -- from the early beginnings of Christianity through modern times, and powerful because it is written by a black woman who has experienced abuse and the oppression of field-work.

From “one of Britain’s most dazzling writers,” the award-winning author of *The Dark Flood Rises*, *The Millstone* captures both a moment in history when women’s lives were changing dramatically and the timeless truths of the female experience (The New York Times Book Review).

Civil Resistance and Power Politics Jan 13 2022 This widely-praised book identified peaceful struggle as a key phenomenon in international politics a year before the revolutions in Tunisia and Egypt confirmed its central argument. Civil resistance - non-violent action against such challenges as dictatorial rule, racial discrimination and foreign military occupation - is a significant but inadequately understood feature of world politics. Especially through the peaceful revolutions of 1989, and the developments in the Arab world since December 2010, it has helped to shape the world we live in. *Civil Resistance and Power Politics* covers most of the leading cases, including the actions master-minded by Gandhi, the US civil rights struggle in the 1960s, the Islamic revolution in Iran in 1979, the 'people power' revolt in the Philippines in the 1980s, the campaigns against apartheid in South Africa, the various movements contributing to the collapse of the Soviet Bloc in 1989-91, and, in this century, the 'colour revolutions' in Georgia and Ukraine. The chapters, written by leading experts, are richly descriptive and analytically rigorous. This book addresses the complex interrelationship between civil resistance and other dimensions of power. It explores the question of whether civil resistance should be seen as potentially replacing violence completely, or as a phenomenon that operates in conjunction with, and modification of, power politics. It looks

at cases where campaigns were repressed, including China in 1989 and Burma in 2007. It notes that in several instances, including Northern Ireland, Kosovo and, Georgia, civil resistance movements were followed by the outbreak of armed conflict. It also includes a chapter with new material from Russian archives showing how the Soviet leadership responded to civil resistance, and a comprehensive bibliographical essay. Illustrated throughout with a remarkable selection of photographs, this uniquely wide-ranging and path-breaking study is written in an accessible style and is intended for the general reader as well as for students of Modern History, Politics, Sociology, and International Relations.

Anchored In Jan 25 2023 Problems can make you feel like God is far away, but they can also be the very things that bring you closer to him. *Anchored In* isn't a book of Christian clichés or sweet stories to warm the heart but rather an authentic look at the hard parts of life. It challenges us to stop running from and clinging to the past, and to grasp tightly to the only unshakable Anchor that is able to sustain our souls through the storms of life. Micah shares personal stories, such as her father's abandonment of her family, and couples them with biblical application to offer real-life glimpses of God at work. She offers inspiration to live a life full of God's power rather than one that causes us to turn away and be paralyzed by problems. Living anchored in God's presence is a beautiful gift that few truly experience simply because they do not understand the key to God's power - surrender. Or if they know to surrender, they do not know how to let go of the problems that consume their lives. Through simple, tangible steps learn to surrender in every season of life. Hearing from God is not reserved for a chosen few, but rather promised to those who believe. If you are longing to experience God's power in a deeper way, this is a journey for you. "When heartbreaking seasons shake us to our core, we often grab for everything other than God. But Micah tenderly reminds us page after page that Jesus is the only true Anchor who will hold us, steady us, and bring us through to the other side of every storm." — Lysa TerKeurst, New York Times bestselling author and president of Proverbs 31 Ministries As a friend and guide, Micah Maddox will walk with you through life's hard times and show you how, through God's power, you can get to the other side with greater freedom, strength and victory. — Holley Gerth, Wall Street Journal bestselling author of *You're Already Amazing* There are times when life hurts deeply. Though the grief, struggles and pain, we need reassurance that we are not alone. Micah Maddox's book *Anchored In*, renews our hope and reminds us that God's power can carry us through the stormy seas of life. Through scripture, stories and personal applications, Micah lovingly offers hope, victory and strength for everyone's journey. — Karol Ladd, author of *Thrive, Don't Simply Survive* and *Power of a Positive Woman* Life is hard. Most of us have learned that truth firsthand, the hard way. Trials, broken dreams, and the unexpected storms of life can leave us stuck in the past or numb in the present. *Anchored In* is more than a pep talk or quick-fix formula—it is a way of life. It should be required reading by every believer, whether your storm is in the past, the present, or looming on the horizon. Regardless of the forecast, grab a copy and get anchored in! — Vicki Courtney, best-selling author of *5 Conversations You Must Have With Your Daughter*, *Move On*, and *Rest Assured* Micah speaks about deep issues, pains, and struggles because she has been there. In the pages of *Anchored In*, you will find the healing hope of God. It's brave, authentic, and powerful. — Courtney DeFeo, author of *In This House, We Will Giggle* When I watch the news each morning and feel the swirl of circumstances around me, it's easy to feel powerless in this crazy world. Micah reminds us that it's not our job to be powerful. It's our gift to be connected to a powerful God. Through the vulnerable telling of her personal story and the timeless truths she embeds, Micah holds out a lifeline to us that's anchored in hope. — Amy Carroll, author of *Breaking Up with Perfect* and *Proverbs 31 Ministries* speaker and writer With tenderness and understanding garnered through personal experience, Micah Maddox points us to the healing power available to those who are anchored in relationship with Jesus Christ. Some shredded places in my heart have been mended. — Cindi Wood, speaker, author of *Anonymous: Discovering The Somebody You Are to God* One of the purposes of an anchor is to keep the ship from drifting or being dragged by the wind. A drifting ship could easily be damaged. A drifting Christian faces the same hazard. There are many events, pressures and influences that can cause us to drift in the Christian life. Micah has skillfully uncovered these areas while pointing us back to God's anchoring presence. The lessons and real-life stories in this book provide direction on how to anchor our lives in the Lord. You will be enriched by this devotional. — Francie Taylor, Vice President, *Keep the Heart, LLC* Do you desire to discover God's power regardless of your circumstances? Want to experience a deeper relationship anchored in the power

and presence of the Holy Spirit? If so, you'll love *Anchored In*. Micah Maddox brilliantly unpacks the power and presence of God (available for our daily living) and helps readers break free from paralyzing problems to embrace God's propelling power for abundant living. — Julie Gorman, Co-founder of *Married For A Purpose* and author of *Two Are Better Than One: God Has A Purpose For Your Marriage* Micah's warm and engaging style feels like a conversation with a dear friend. She encourages her readers to run to the Lord through every circumstance of life, and to experience His power in every part of their story. She reminds us that we serve a God who transforms, a God who gives us His power to face every situation, a God who gives victory through our surrender to Him. He is good, and Micah's heartfelt words remind us of that truth. — Kristin Schmucker, author; founder of *The Daily Grace Co.*

Authority, Experience and the Life of Power May 17 2022 Taking up the challenge of understanding power in its complexity, this volume returns to and revitalises the concept of 'authority'. It provides a powerful analysis of the ways that relationships of trust, attachment, governance and inequality become possible when subjectivities and bodies are invested in the life of power. The collection offers a vibrant new analysis of the biopolitical, arguing that 'experience of life' has become equated with 'objectivity' in contemporary culture and has thus become a primary basis of authority. 'Biopolitical' or 'experiential' authority can be generated through reference to a variety of experiences, performances or intensities of life including creativity, radicalism, risk-taking, experimentation, inter-relation, suffering and proximity to death. The authority-producing capacities of community and aesthetics are key issues, pointing to vexed relationships between politics and policing, inventiveness and violence. The contributors develop their theoretical analyses through discussion of a range of specific sites including mental-health service user and survivor politics, biological knowledge, refugee activism, stories of suffering, urban art, anarchism, neo-liberal community politics and marketization. *Authority, Experience & the Life of Power* challenges thinking on what 'the political' is and isn't, pushing against the all too easy equivocation of revolutionary break and empowerment. This book was published as a special issue of the *Journal of Political Power*.
