W.D. & H.O. Wills and the development of the UK tobacco Industry Feb 25 2020 This independent and critical study in economic and social history is based on free access to the records of W.D. & H.O. Wills. Dr Alford traces the history of the firm from its origin to its transformation into a constituent part of a larger company. Having played such a leading role in the development of the UK tobacco industry, Willis' book is more than the history of a single firm, it also provides an important study of a leading consumer goods industry. Drawing on aspects of economic theory, the author examines the firm's development in the light of general aspects of business history. This major study was first published in 1973.

The Enemy Nov 15 2021 In the wake of a devastating disease, everyone sixteen and older is either dead or a decomposing, brainless creature with a ravenous appetite for flesh. Teens have barricaded themselves in buildings throughout London and venture outside only when they need to scavenge for food. The group of kids living a Waitrose supermarket is beginning to run out of options. When a mysterious traveler arrives and offers them safe haven at Buckingham Palace, they begin a harrowing journey across London. But their fight is far from over—the threat from within the palace is as real as the one outside it. Full of unexpected twists and quick-thinking heroes, *The Enemy* is a fast-paced, white-knuckle tale of survival in the face of unimaginable horror. *Midnight Alley* Aug 25 2022 Claire Danvers's college town may be run by vampires but a truce between the living and the dead made things relatively safe. For a while. Now people are turning up dead, a psycho is stalking her, and an ancient bloodsucker has proposed private mentoring. To what end, Claire will find out. And it's giving night school a whole new meaning. Watch a Windows Media trailer for this book.

Into the Wild Jun 22 2022 Krakauer's page-turning bestseller explores a famed missing person mystery while unraveling the larger riddles it holds: the profound pull of the American wilderness on our imagination; the allure of high-risk activities to young men of a certain cast of mind; the complex, charged bond between fathers and sons. "Terrifying... Eloquent... A heart-rending drama of human yearning." —New York Times In April 1992 a young man from a well-to-do family hitchhiked to Alaska and walked alone into the wilderness north of Mt. McKinley. He had given \$25,000 in savings to charity, abandoned his car and most of his possessions, burned all the cash in his

wallet, and invented a new life for himself. Four months later, his decomposed body was found by a moose hunter. How Christopher Johnson McCandless came to die is the unforgettable story of *Into the Wild*. Immediately after graduating from college in 1991, McCandless had roamed through the West and Southwest on a vision quest like those made by his heroes Jack London and John Muir. In the Mojave Desert he abandoned his car, stripped it of its license plates, and burned all of his cash. He would give himself a new name, Alexander Supertramp, and, unencumbered by money and belongings, he would be free to wallow in the raw, unfiltered experiences that nature presented. Craving a blank spot on the map, McCandless simply threw the maps away. Leaving behind his desperate parents and sister, he vanished into the wild. Jon Krakauer constructs a clarifying prism through which he reassembles the disquieting facts of McCandless's short life. Admitting an interest that borders on obsession, he searches for the clues to the drives and desires that propelled McCandless. When McCandless's innocent mistakes turn out to be irreversible and fatal, he becomes the stuff of tabloid headlines and is dismissed for his naiveté, pretensions, and hubris. He is said to have had a death wish but wanting to die is a very different thing from being compelled to look over the edge. Krakauer brings McCandless's uncompromising pilgrimage out of the shadows, and the peril, adversity, and renunciation sought by this enigmatic young man are illuminated with a rare understanding—and not an ounce of sentimentality. Mesmerizing, heartbreaking, *Into the Wild* is a tour de force. The power and luminosity of Jon Krakauer's storytelling blaze through every page.

Literary Translation in Russia May 29 2020

In this rich historical study, Maurice Friedberg recounts the impact of translation on the Russian literary process. In tracing the explosion of literary translation in nineteenth-century Russia, Friedberg determines that it introduced new issues of cultural, aesthetic, and political values. Beginning with Pushkin in the early nineteenth century, Friedberg traces the history of translation throughout the lives of Dostoevsky, Tolstoy, and, more recently, Pasternak. His analysis includes two translators who became Russia's leading literary figures: Zhukovsky, whose renditions of German poetry became famous, and Vvedensky, who introduced Charles Dickens to Russia. In the twentieth century, Friedberg points to Pasternak's *Faust* to show how apolitical authors welcomed free translation, which offered them an alternative to the original writing from which they had been banned by Soviet authorities. By introducing Western literary works, Russian translators provided new models for Russian literature. Friedberg

discusses the usual battles fought between partisans of literalism and of free translation, the influence of Stalinist Soviet government on literary translation, and the political implications of aesthetic clashes. He also considers the impetus of translated Western fiction, poetry, and drama as remaining links to Western civilization during the decades of Russia's isolation from the West. Friedberg argues that literary translation had a profound effect on Russia by helping to erode the Soviet Union's isolation, which ultimately came to an end with the dissolution of the Soviet Union in 1991.

The Uses of Enchantment Apr 20 2022

Winner of the National Book Award and National Book Critics Circle Award "A charming book about enchantment, a profound book about fairy tales."—John Updike, *The New York Times Book Review* Bruno Bettelheim was one of the great child psychologists of the twentieth century and perhaps none of his books has been more influential than this revelatory study of fairy tales and their universal importance in understanding childhood development.

Analyzing a wide range of traditional stories, from the tales of Sindbad to "The Three Little Pigs," "Hansel and Gretel," and "The Sleeping Beauty," Bettelheim shows how the fantastical, sometimes cruel, but always deeply significant narrative strands of the classic fairy tales can aid in our greatest human task, that of finding meaning for one's life.

Growing Point Nov 27 2022

Black Man Jan 18 2022 One hundred years from now, and against all the odds, Earth has found a new stability; the political order has reached some sort of balance, and the new colony on Mars is growing. But the fraught years of the 21st century have left an uneasy legacy . . . Genetically engineered alpha males, designed to fight the century's wars have no wars to fight and are surplus to requirements. And a man bred and designed to fight is a dangerous man to have around in peacetime. Many of them have left for Mars but now one has come back and killed everyone else on the shuttle he returned in. Only one man, a genengineered ex-soldier himself, can hunt him down and so begins a frenetic man-hunt and a battle survival. And a search for the truth about what was really done with the world's last soldiers. *BLACK MAN* is an unstoppable SF thriller but it is also a novel about prejudice, about the ramifications of playing with our genetic blue-print. It is about our capacity for violence but more worrying, our capacity for deceit and corruption. This is another landmark of modern SF from one of its most exciting and commercial authors.

The Spectator Dec 17 2021 A weekly review of politics, literature, theology, and art.

In the Shadow of Blackbirds Jan 30 2023 In 1918, the world seems on the verge of apocalypse. Americans roam the streets in gauze masks to ward off the deadly Spanish influenza, and the government ships young men to the front lines of a brutal war, creating an atmosphere of fear and confusion. Sixteen-year-old Mary Shelley Black watches as desperate mourners flock to séances and spirit photographers for comfort, but she herself has never believed in ghosts. At her bleakest moment, however, she's forced to rethink her entire way of looking at life and death, for her first love—a boy who died in battle—returns in spirit form. But what does he want from her? Featuring haunting archival early-20th-century photographs, this is a tense, romantic story set in a past that is eerily like our own time.

Editing and Montage in International Film and Video Sep 25 2022 Editing and Montage in International Film and Video presents a theoretical and practical approach to the art of editing. In this book, Luís Fernando Morales Morante explores the international history, technology, theory, practical techniques, psychology, and cognitive effects of editing across a range of media from around the world, featuring case studies from film, dramatic television, news media, music videos, commercials, and mobile-delivered formats, from the films of Sergei Eisenstein to Michael Jackson's "Thriller" to coverage of the 2012 U.S. presidential elections. The book includes self-study exercises throughout to help readers put theory into practice.

Thirteen Feb 28 2023 For use in schools and libraries only. Horror stories by Christopher Pike, R.L. Stein, and other authors deal with a wax museum, vampire love, deadly dolls, and other themes.

[Lost Patrol](#) Feb 16 2022 Lieutenant Boyd Locklin's assignment to escort a wagon train through Apache territory ends in the massacre of those around him - but he emerges with a pretty young woman, the lone survivor. He goes on to acquire bitter enemies and face life-or-

death duels - unharmed. But what will happen when he leaves his family for the unknown horizon of the Civil War? Will he emerge from prison camps and rattlesnake pits with the same carefree courage as before? Follow Locklin on an incredible itinerary of hair-raising battles with death! A Man Who Laughs at Peril When Lieutenant Boyd Locklin arrives at the wagon train he is supposed to escort through Apache territory, what he finds is a massacre. Later, Locklin withstands yet another Indian attack to find a pretty young woman - the massacre's sole survivor - by his side. What will happen next, as he leaves his growing family for the shadows of the Civil War? Who can say how long Boyd's carefree courage will last, through close encounters with men and rattlesnakes...

Constitutional History of the UK Mar 27 2020 This book provides an accessible one-volume introduction to the development of the British constitution from its earliest beginnings in the seventh century to the present day. It focuses on the political events, and social, religious and philosophical ideas which have shaped the constitutions development.

Encyclopaedia Metropolitana: Plates to Mixed Sciences, Vol. 5 and 6 Sep 01 2020 **Gresham's Law** Apr 28 2020 Thomas Gresham was arguably the first true wizard of global finance. He rose through the mercantile worlds of London and Antwerp to become the hidden power behind three out of the five Tudor monarchs. Today his name is remembered in economic doctrines, in the institutions he founded and in the City of London's position at the economic centre of the earth. Without Gresham, England truly might have become a vassal state. His manoeuvring released Elizabeth from a crushing burden of debt and allowed for vital military preparations during the wars of religion that set Europe ablaze. Yet his deepest loyalties have remained enigmatic, until now. Drawing on vast new research and several startling discoveries, the great Tudor historian John Guy recreates Gresham's life and singular personality with astonishing intimacy. He reveals a calculating survivor, flexible enough to do business with merchants and potentates no matter their religious or ideological convictions. Yet his personal relationships were disturbingly transactional. He was a figure of cold un sentimentality even to members of his own family. Elizabeth I found herself at odds with Gresham's ambitions. In their collisions and wary accommodations, we see our own conflicts between national sovereignty and global capital foreshadowed. A story of adventure and jeopardy, greed and cunning, loyalties divided, mistaken or betrayed, this is a biography fit for a merchant prince.

13 Again Jul 24 2022

[The Lifeguard](#) Dec 29 2022 Whom do you trust with your life? Kelsey's summer vacation will be perfect—a holiday on Beverly Island, where she'll get to know her mom's new boyfriend, Eric, and enjoy the perks of a sun-drenched beach and gorgeous lifeguards. But Kelsey's dream holiday quickly turns into a nightmare when Eric's daughter, Beth, goes missing. When Kelsey finds a mysterious note from Beth, she doesn't know whom to believe. Also

terrifying is the number of suspicious drownings and the creepy fisherman . . . at least she has the lifeguards around to protect her, right? But what Kelsey doesn't know is that these lifeguards don't come to the rescue—they have other plans. This ebook features an illustrated biography of Richie Tankersley Cusick including rare photos and never-before-seen documents from the author's personal collection.

The Social and Political Systems of Central Polynesia May 22 2022 Originally published in 1924, this book forms part of a three-volume study on the socio-political systems of Polynesian islands near the equator.
