Second-Best Luck Mar 13 2022 Fancy retirement right across the globe? Learning to speak a foreign language (Australian)? Too easy; don't be a wuss, mite! Herein, you will find travel, exploration, how not to buy a house, how to build a harpsichord; how to cope with a second hysterectomy, coronary bypass, two different and simultaneous serious cancers. No worries; she'll be right, mite! Consider Orshtraya on differing scales; the conurbation that is Canberra; the 90-mile straight which is just a blip in the landscape driving across the Great Australian Bite, Mite; the deeply soothing silence of the outback. Seriously, sport: this sometimes humorous volume is travelogue, retirement manual, and medical aid, all in one. It has a sporting chance of really helping anyone terrified with recent news of cancer or other really serious illness. We all need help.

Lyrics Oct 16 2019 From the first Police album, Outlandos D'Amour, through Sacred Love, here are the collected lyrics written by Sting, along with his commentary. "Publishing my lyrics separately from their musical accompaniment is something that I've studiously avoided until now. The two, lyrics and music, have always been mutually dependent, in much the same way as a mannequin and a set of clothes are dependent on each other; separate them, and what remains is a naked dummy and a pile of cloth. Nevertheless, the exercise has been an interesting one, seeing perhaps for the first time how successfully the lyrics survive on their own, and inviting the question as to whether song lyrics are in fact poetry or something else entirely. And while I've never seriously described myself as a poet, the book in your hands, devoid as it is of any musical notation, looks suspiciously like a book of poems. So it seems I am entering, with some trepidation, the unadorned realm of the poet. I have set out my compositions in the sequence they were written and provided a little background when I thought it might be illuminating. My wares have neither been sorted nor dressed in clothes that do not belong to them; indeed, they have been shorn of the very garments that gave them their shape in the first place. No doubt some of them will perish in the cold cruelty of this new environment, and yet others may prove more resilient and become perhaps more beautiful in their naked state. I can't predict the outcome, but I have taken this risk knowingly and, while no one in their right mind should ever attempt to set "The Waste Land" to music, in the hopeful words of T. S. Eliot, These fragments I have shored against my ruins."  
—Sting, from the Introduction

How Equal Temperament Ruined Harmony (and Why You Should Care) Nov 16 2019 "A fascinating and genuinely accessible guide...Educating, enjoyable, and delightfully unscary."—Classical Music What if Bach and Mozart heard richer, more dramatic chords than we hear in music today? What sonorities and moods have we lost in playing music in "equal temperament"—the equal division of the octave into twelve notes that has become our standard tuning method? Thanks to How Equal Temperament Ruined Harmony, "we may soon be able to hear for ourselves what Beethoven really meant when he called B minor 'black'" (Wall Street Journal). In this "comprehensive plea for more variety in tuning methods" (Kirkus Reviews), Ross W. Duffin presents "a serious and well-argued case" (Goldberg Magazine) that "should make any contemporary musician think differently about tuning" (Saturday Guardian). Some images in the ebook are not displayed owing to permissions issues.
